

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Boris Raskini  
DOCKET NO.: 15-04855.001-R-1  
PARCEL NO.: 15-33-215-001

The parties of record before the Property Tax Appeal Board are Boris Raskini, the appellant, by Michael Griffin, Attorney at Law in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$19,148  
**IMPR.:** \$95,944  
**TOTAL:** \$115,092

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a tri-level style dwelling of wood siding exterior construction with 2,028 square feet of living area. The dwelling was constructed in 1987. Features of the home include a finished lower level, central air conditioning, a fireplace and a 420 square foot garage. The property has an 8,925 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .4 of a mile from the subject property. The comparables were improved with tri-level style dwellings with wood siding exterior construction that contain either 2,028 or 2,205 square feet of living area. The dwellings were constructed in 1979 or 1985. Features had varying degrees of similarity when compared to the subject. The appellant did not disclose if the comparables had finished lower levels like the subject property. The comparables had improvement assessments

that ranged from \$93,855 to \$99,694 or from \$45.04 to \$46.61 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$92,855 or \$45.79 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$115,092. The subject property has an improvement assessment of \$95,944 or \$47.31 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located from .09 to .14 of a mile from the subject property. The comparables were improved with tri level style dwellings of wood siding exterior construction that contain 2,028 square feet of living area. The dwellings were constructed from 1985 to 1988. Features had varying degrees of similarity when compared to the subject. The comparables had improvement assessments that ranged from \$95,720 to \$101,363 or from \$47.20 to \$49.98 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to the lack of information on the size or finish of the lower level for the tri-level style dwellings for a full and complete analysis of comparability.

The Board finds the best evidence of assessment equity to be the board of review comparables. These comparables are more similar in location, age and features, but identical in style, finished lower level and dwelling size when compared to the subject property. These comparables had improvement assessments that ranged from \$47.20 to \$49.98 per square foot of living area. The subject's improvement assessment of \$47.31 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
