

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jindrich Forman
DOCKET NO.: 15-04856.001-R-1
PARCEL NO.: 15-14-403-058

The parties of record before the Property Tax Appeal Board are Jindrich Forman, the appellant, by Michael Griffin, Attorney at Law in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,341
IMPR.: \$71,248
TOTAL: \$108,589

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 1,870 square feet of living area. The dwelling was constructed in 1960. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a 380 square foot garage. The property has a 19,602 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on four equity comparables located from 3,576 feet to 1.7 miles from the subject property. The comparables were improved with two-story dwellings with brick exterior construction that ranged in size from 2,000 to 2,830 square feet of living area. The dwellings range in age from 60 to 63 years old. Features had varying degrees of similarity when compared to the subject. The comparables had improvement assessments that ranged from \$56,597 to \$87,188 or from \$21.30

to \$34.41 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$53,742 or \$28.74 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$108,589. The subject property has an improvement assessment of \$71,248 or \$38.10 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located from .05 to .68 of a mile from the subject property. The comparables were improved with two-story dwellings of brick exterior construction that range in size from 1,914 to 2,124 square feet of living area. The dwellings were constructed from 1962 to 1965. Features had varying degrees of similarity when compared to the subject. The comparables had improvement assessments that ranged from \$81,863 to \$90,155 or from \$42.25 to \$43.45 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2, #3 and #4 due to their larger dwelling size and/or difference in foundation when compared to the subject. The board gave less weight to the board of review's comparable #1 based on it having a finished basement when compared to the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 along with the board of review comparables #2, #3 and #4. These comparables are more similar in location, style, age, dwelling size and features when compared to the subject property. These comparables had improvement assessments that ranged from \$56,597 to \$90,155 or from \$28.30 to \$43.45 per square foot of living area. The subject's improvement assessment of \$71,248 or \$38.10 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
