

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Neumeyer
DOCKET NO.: 15-05215.001-R-1
PARCEL NO.: 08-08.0-320-032

The parties of record before the Property Tax Appeal Board are Steven Neumeyer, the appellant; and the St. Clair County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **St. Clair** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 4,391
IMPR.: \$19,513
TOTAL: \$23,904

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the St. Clair County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one and one-half story, multi-family dwelling of frame exterior construction that has 2,273 square feet of living area. The dwelling was constructed in 1908 with an effective age of 1960. The dwelling features a crawl space foundation and central air conditioning. The subject has an 14,633 square foot site. The subject property is located in Belleville Township, St. Clair County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of overvaluation claim, the appellant submitted information for the subject and three comparable sales.¹ The comparables consist of a split-level and two, one-story multi-family dwellings of brick or brick and frame exterior construction that were built from 1963 to 1983. One comparable has a crawl space foundation and each comparable has

central air conditioning. The dwellings range in size from 1,736 to 3,480 square feet of living and are situated on sites that contain from 8,311 to 14,692 square feet of land area. The comparables sold from April 2015 to December 2015 for prices ranging from \$66,500 to \$70,000 or from \$20.11 to \$39.17 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,904. The subject's assessment reflects an estimated market value of \$71,547 or \$31.48 per square foot of living area including land when applying the 2015 three-year average median level of assessment for St. Clair County of 33.41%. In support of the subject's assessment, the board of review submitted four assessment comparables to demonstrate the subject property was being uniformly assessed. The board of review also argued comparables #2 and #3 submitted by the appellant are located 3 miles from the subject. The board of review also claimed the appellant submitted an appraisal of the subject property for \$74,000 at the 2016 hearing.² Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value contained in this record are the comparable sales submitted by the appellant. These comparables had varying degrees of similarity when compared to the subject. They sold from April 2015 to December 2015 for prices ranging from \$66,500 to \$70,000 or from \$20.11 to \$39.17 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$71,547 or \$31.48, which falls within the range established by the comparable sales on a per square foot basis. After considering adjustments to the comparables for any differences when compared to the subject in location, land area, age, dwelling size and features, the Board finds the subject's estimated market value as reflected by its assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

The Board gave no weight to the assessment equity evidence submitted by the board of review. The Board finds this evidence fails to address the appellant's overvaluation claim.

² The board of review did not submit the appraisal to the Property Tax Appeal Board for consideration.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
