

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Neumeyer
DOCKET NO.: 15-05223.001-R-1
PARCEL NO.: 07-07.0-204-027

The parties of record before the Property Tax Appeal Board are Steven Neumeyer, the appellant; and the St. Clair County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **St. Clair** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 825
IMPR.: \$4,971
TOTAL: \$5,796

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the St. Clair County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction that has 720 square feet of living area. The dwelling was constructed in 1956 with an effective age of 1975. The dwelling features a slab foundation and carport. The subject has a 6,269 square foot site. The subject property is located in Centerville Township, St. Clair County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the overvaluation claim, the appellant submitted information for three comparables. The comparables consist of one-story dwellings of frame exterior construction that were built in 1954 or 1955. The comparables have slab foundations, two comparables have central air conditioning and each comparable has a garage or carport. The dwellings contain 720 or 918 square feet of living area and two comparables are situated on sites that contain 7,230 square feet or ½ of an acre of land area. Comparables #2 sold in January 2015 for \$3,500 or \$3.81 per square foot of living area including land. Comparables #1 and #3 were

listed for sale for prices of \$14,900 and \$9,900 or \$20.69 and \$13.75 per square foot of living area including land, respectively. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$5,796. The subject's assessment reflects an estimated market value of \$17,348 or \$24.09 per square foot of living area including land when applying the 2015 three-year average median level of assessment for St. Clair County of 33.41%. In support of the subject's assessment, the board of review submitted four assessment comparables to demonstrate the subject property was being uniformly assessed. Comparables #1 and #2 sold in January 2015 and October 2013 for prices of \$16,000 and \$35,000 or \$17.30 and \$37.84 per square foot of living area including land, respectively. These two comparables consist of one-story dwellings of frame exterior construction that were 40 years old. Comparable #1 has a carport and comparable #2 has central air conditioning. The dwellings contain 925 square feet of living and are situated on sites that contain 7,989 and 7,934 square feet of land area, respectively. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

As an initial matter, the Board gave no weight to the assessment equity evidence submitted by the board of review. The Board finds this evidence fails to address the appellant's overvaluation claim.

The Board finds the parties submitted six comparables for consideration. The comparables had varying degrees of similarity when compared to the subject in location, design, size, age and features. They sold or were listed for sale for prices ranging from \$3,500 to \$35,000 or from \$3.81 to \$37.84 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$17,348 or \$24.09 per square foot of living area including land, which falls within the range of the comparables contained in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
