

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Dorren  
DOCKET NO.: 15-05267.001-R-1  
PARCEL NO.: 05-16-415-020

The parties of record before the Property Tax Appeal Board are Michael Dorren, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC, in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 27,420  
**IMPR.:** \$165,170  
**TOTAL:** \$192,590

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction that has 2,924 square feet of living area. The dwelling was built in 2006. Features include a finished basement, central air conditioning, a fireplace and a two-car garage. The subject property is located in Milton Township, DuPage County, Illinois.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of the inequity claim, the appellant submitted three assessment comparables located in the same neighborhood code as the subject. The comparables consist of two-story dwellings of frame or brick and frame exterior construction that were built in 2007 or 2008. Features had varying degrees of similarity when compared to the subject. The dwellings range in size from 2,884 to 3,509 square feet of living area. The comparables have improvement assessments ranging from \$153,520 to \$169,160 or from \$48.21 to \$53.23 per

square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$192,590. The subject property has an improvement assessment of \$165,170 or \$56.49 per square foot of living area. In support of the subject's assessment, the board of review submitted a grid analysis of the appellant's comparables and five additional assessment comparables located in the same neighborhood code as the subject. The five additional comparables consist of two-story dwellings of frame or brick exterior construction that were built from 2002 to 2008. Features had varying degrees of similarity when compared to the subject. The dwellings range in size from 2,793 to 3,027 square feet of living area. The comparables have improvement assessments ranging from \$167,040 to \$184,030 or from \$56.81 to \$62.12 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof.

The parties submitted eight assessment comparables for the Board's consideration. The Board gave less weight to comparable #2 submitted by the appellant due to its larger dwelling size when compared to the subject. The Board finds the seven remaining comparables are more similar when compared to the subject in location, design, age, dwelling size and most features. These comparables have improvement assessments ranging from \$153,520 to \$184,030 or from \$49.87 to \$62.12 per square foot of living area. The subject property has an improvement assessment of \$165,170 or \$56.49 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in the record. After considering any necessary adjustments to the comparables for differences to the subject, the Board finds the subject's improvement assessment is supported and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
