

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: J. Schaefer as Trustee
DOCKET NO.: 15-05319.001-R-1
PARCEL NO.: 08-27.0-403-022

The parties of record before the Property Tax Appeal Board are J. Schaefer as Trustee, the appellant; and the St. Clair County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **St. Clair** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 5,100
IMPR.: \$12,896
TOTAL: \$17,996

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the St. Clair County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame construction that has 1,120 square feet of living area. The dwelling was built in 1971. Features include central air conditioning and a carport. The subject property is located in Belleville Township, St. Clair County, Illinois.

The appellant contends assessment inequity as the basis of the appeal. In support of the inequity claim, the appellant submitted a grid analysis of three assessment comparables located within 3 blocks of the subject. The comparables are comprised of one-story dwellings of frame construction that were 44 to 62 years old. The comparables have central air conditioning and carports and/or garages. The dwellings range in size from 960 to 1,148 square feet of living area. The comparables have improvement assessments ranging from \$8,116 to \$12,218 or from \$7.07 to \$11.33 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$17,996. The subject property has an improvement assessment of \$12,896 or \$11.51 per square foot of living area. In support of the subject's assessment, the board of review submitted a grid analysis of two assessment comparables located two blocks from the subject. The comparables consist of one-story dwellings of frame exterior construction that were built in 1971. The comparables have central air conditioning. The dwellings contain 980 square feet of living area and have improvement assessments of \$14,990 and \$14,878 or \$15.30 and \$15.18 per square foot of living area, respectively. The comparable sold in April 2013 and March 2015 for \$43,450 and \$55,000 or \$44.34 and \$56.12 per square foot of living area including land, respectively. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Under rebuttal, the appellant argued the appeal was based on equitable assessments. However, the board of review's evidence is a sales comparison. The appellant requested the Property Tax Appeal Board to disregard the board of review's evidence.

Conclusion of Law

The taxpayer argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof.

The record contains assessment information for five suggested assessment comparables. The Board gave less weight to comparables #1 and #2 submitted by the appellant due to their older age when compared to the subject. The Board finds the three remaining comparables are more similar when compared to the subject in location, design, age, dwelling size and features. They have improvement assessments ranging from \$12,218 to \$14,990 or from \$11.33 to \$15.30 per square foot of living area. The subject property has an improvement assessment of \$12,896 or \$11.51 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
