

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kirk Christensen
DOCKET NO.: 15-05339.001-R-1
PARCEL NO.: 08-30-312-022

The parties of record before the Property Tax Appeal Board are Kirk Christensen, the appellant; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$51,950
IMPR.: \$76,630
TOTAL: \$128,580

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of frame exterior construction with 2,827 square feet of living area. The dwelling was constructed in 1985. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a 565 square foot garage. The property has a 10,000 square foot site and is located in Naperville, Lisle Township, DuPage County.

The appellant contends assessment inequity as the basis of the appeal. In support of the equity argument the appellant submitted information on three equity comparables located within one block from the subject property. The comparables are improved with two-story dwellings of frame or frame and brick exterior construction that were constructed from 1985 to 1988. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 2,482 to 2,934 square feet of living area and have improvement assessments ranging from \$65,200 to \$76,130 or from \$24.78 to \$26.58 per square foot of living

area. Based on this evidence, the appellant requested the total assessment be reduced to \$125,169.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$128,580. The subject property has an improvement assessment of \$76,630 or \$27.11 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on six equity comparables located within .58 of a mile from the subject property. The board of review also submitted sales information for comparables #3 and #4.¹ The comparables are improved with part-one and part-two story dwellings of frame or frame and brick exterior construction² that were constructed from 1985 to 1989. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 2,848 to 2,988 square feet of living area and have improvement assessments ranging from \$79,810 to \$86,940 or \$27.10 to \$29.53 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

The appellant provided a written rebuttal critiquing the board of review's submission.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of nine suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #3 due to its incomplete information and smaller dwelling size when compared to the subject property. The Board finds the appellant's comparables #1 and #2 and the board of review's comparables are similar when compared to the subject in location, age, dwelling size, design and features. These comparables had improvement assessments that ranged from \$24.78 to \$29.53 per square foot of living area. The subject's improvement assessment of \$27.11 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ The board of review included sales information on two of the comparables which will not be further addressed on this record as the Board finds sales data is not responsive to the appellant's equity argument.

² Photographs of the comparables submitted by the board of review appears to depict some brick exterior construction.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
