

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Shookus
DOCKET NO.: 15-05344.001-R-1
PARCEL NO.: 09-08-407-024

The parties of record before the Property Tax Appeal Board are Jeffrey Shookus, the appellant, by attorney Joanne Elliott, of Elliott & Associates, P.C. in Des Plaines; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$61,240
IMPR.: \$190,800
TOTAL: \$252,040

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part two-story and part one-story dwelling of frame construction with 3,054 square feet of living area. The dwelling was constructed in 2004. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 719 square foot garage. The property has a 9,756 square foot site and is located in Downers Grove, Downers Grove Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales. The comparables had varying degrees of similarity to the subject. The comparables sold in June 2013 to May 2014 for prices ranging from \$560,000 to \$750,000 or from \$156.51 to \$187.45 per square foot of living area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$252,040. The subject's assessment reflects a market value of \$756,877 or \$247.83 per square foot of living area, land included, when using the 2015 three year average median level of assessment for DuPage County of 33.30% as determined by the Illinois Department of Revenue.

As to the appellant's comparables, the board of review argued that the appellant's comparables are located south of 55th Street unlike the subject and two of the appellant's comparables are located over two miles from the subject property. In addition, the board of review disclosed that the subject was listed for sale on February 7, 2017 for \$835,000, again on March 13, 2017 for \$799,000 and on April 22, 2017 for \$775,000.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales. The comparables had varying degrees of similarity to the subject. The comparables sold in July and November 2013 for prices ranging from \$835,000 to \$995,000 or from \$255.43 to \$286.41 per square foot of living area, including land.

In rebuttal, the appellant argued that two of the board of review's comparables are superior to the subject. In addition, the appellant argued that, although the subject has been offered for sale, the listing price is not indicative of fair market value as the property has not yet sold.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted six sales for the Board's consideration. The appellant's comparable #1 is located over two miles from the subject and is considerably larger than the subject. Appellant's comparable #2 is located over two miles from the subject and is considerably older than the subject. Appellant's comparable #3 is significantly larger than the subject. The board of review's comparable #1 is considerably newer than the subject and board of review comparable #2 is considerably larger than the subject. The Board further finds that five of the six sales presented have sale dates that occurred greater than 13 months prior to the January 1, 2015 assessment date. The parties' comparables sold from June 2013 to May 2014 for prices ranging from \$560,000 to \$995,000 or from \$156.51 to \$286.41 per square foot of living area, including land. The subject's assessment reflects a market value of \$756,877 or \$247.83 per square foot of living area, including land, which is within the range established by the comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
