

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ellen Marquez
DOCKET NO.: 15-05426.001-R-1
PARCEL NO.: 10-05-202-047

The parties of record before the Property Tax Appeal Board are Ellen Marquez, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$60,560
IMPR.: \$134,160
TOTAL: \$194,720

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part two-story and part one-story dwelling of brick construction with 3,404 square feet of living area. The dwelling was constructed in 2000. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 742 square foot garage. The property has a 15,142 square foot site and is located in Darien, Downers Grove Township, DuPage County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood as the subject property. The comparables are improved with part two-story and part one-story dwellings of frame, frame and brick or brick construction. The dwellings were constructed from 1993 to 2003. The comparables had features of similarity when compared to the subject. The dwellings range in size from 3,541 to 3,597 square feet of living area and have

improvement assessments ranging from \$124,180 to \$127,680 or from \$35.02 to \$35.94 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's total assessment to \$181,640.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$194,720. The subject property has an improvement assessment of \$134,160 or \$39.41 per square foot of living area. In support of its contention of the subject's correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood as the subject. The comparables are improved with part two-story and part one-story dwellings of brick exterior construction. The dwellings were constructed from 1995 to 2002. The comparables had features of similarity when compared to the subject. The dwellings range in size from 3,235 to 3,378 square feet of living area and have improvement assessments ranging from \$127,770 to \$133,880 or from \$38.87 to \$39.78 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds that all of the comparables submitted were located in the same neighborhood as the subject property and were also very similar in design, age, living area and features. The comparables had improvement assessments that ranged from \$35.02 to \$39.78 per square foot of living area. The subject's improvement assessment of \$39.41 per square foot of living area falls within the range established by the comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
