

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tao Duan
DOCKET NO.: 15-05428.001-R-1
PARCEL NO.: 09-14-114-043

The parties of record before the Property Tax Appeal Board are Tao Duan, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,480
IMPR.: \$45,428
TOTAL: \$82,908

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame construction with 1,108 square feet of living area. The dwelling was constructed in 1979. Features of the home include a 484 square foot basement with finished area, central air conditioning and a 484 square foot garage. The property has a 7,813 square foot site and is located in Clarendon Hills, Downers Grove Township, DuPage County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables. The comparables had varying degrees of similarity when compared to the subject. The dwellings range in size from 1,562 to 2,838 square feet of living area and have improvement assessments ranging from \$60,540 to \$87,320 or from \$30.77 to \$38.76 per square foot of living area. The appellant requested the total assessment be reduced to \$75,650.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$84,650. The subject property has an improvement assessment of \$47,170 or \$42.57 per square foot of living area. In support of the subject's assessment the board of review submitted information on three equity comparables. The comparables had varying degrees of similarity when compared to the subject. The dwellings range in size from 1,104 to 1,480 square feet of living area and have improvement assessments ranging from \$46,610 to \$62,060 or from \$39.79 to \$42.22 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted six equity comparables for the Board's consideration. The Board gave less weight to the appellant's three comparables and board of review comparable #2 based on their dissimilar style, age and/or dwelling size when compared to the subject. The Board finds the best evidence of assessment equity to be board of review's comparables #1 and #3. These comparables were similar to the subject in location, style, construction, age and dwelling size. These comparables had improvement assessments of \$39.79 and \$42.22 per square foot of living area. The subject's improvement assessment of \$42.57 per square foot of living area falls above the two best comparables in this record. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
