

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ashok Singh
DOCKET NO.: 15-05494.001-R-1
PARCEL NO.: 08-08-206-108

The parties of record before the Property Tax Appeal Board are Ashok Singh, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$59,830
IMPR.: \$180,690
TOTAL: \$240,520

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of frame construction with 3,913 square feet of living area. The dwelling was constructed in 2004. Features of the home include an unfinished basement, central air conditioning, a fireplace and a three-car garage with 713 square feet of building area. The property is located in Lisle, Lisle Township, DuPage County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables improved with two-story dwellings that ranged in size from 3,440 to 4,726 square feet of living area. The dwellings were constructed in 2004 and 2008. Each comparable has a basement, central air conditioning, one or three fireplaces and attached garages ranging in size from 661 to 704 square foot of building area. The comparables have improvement assessments

ranging from \$141,890 to \$180,480 or from \$38.19 to \$41.25 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$157,119.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$240,520. The subject property has an improvement assessment of \$180,690 or \$46.18 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables improved with two-story dwellings of frame construction that ranged in size from 3,465 to 3,604 square feet of living area. The dwellings were built in 2004 and 2005. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces and an attached garage ranging in size from 622 to 734 square feet of building area. The comparables had improvement assessments ranging from \$164,250 to \$176,650 or from \$46.79 to \$49.01 per square foot of living area. The board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six comparables submitted by the parties to support their respective positions. The comparables were similar to the subject property in location, age, style and features. The Board finds the best evidence of assessment equity to be appellant's comparables #2 and #3 and the three comparables submitted by the board of review. These comparables had improvement assessments that ranged from \$41.02 to \$49.01 per square foot of living area. The subject's improvement assessment of \$46.18 per square foot of living area falls within the range established by the best comparables in this record. Less weight was given appellant's comparable #1 due to differences from the subject in size. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
