

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Venanzio Arquilla
DOCKET NO.: 15-05537.001-R-1
PARCEL NO.: 09-12-211-004

The parties of record before the Property Tax Appeal Board are Venanzio Arquilla, the appellant, by attorney James P. Regan, of Fisk Kart Katz and Regan, Ltd. in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$149,310
IMPR.: \$580,960
TOTAL: \$730,270

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a part-two, part-three and part-one story dwelling of brick exterior construction with 5,061 square feet of living area. The dwelling was constructed in 2002. Features of the home include a partial finished basement, central air conditioning, six fireplaces and an 854 square foot garage. The property has a 15,088 square foot site and is located in Hinsdale, Downers Grove Township, DuPage County.

The appellant contends assessment inequity as the basis of the appeal. In support of the equity argument the appellant submitted information on five equity comparables¹ located within .80 of a mile from the subject property. The comparables are improved with part-two, part-three and part-one story dwellings and part-two and part-one story dwellings of brick or frame exterior construction that were constructed from 1991 to 2003. The comparables had features with

varying degrees of similarity when compared to the subject. The dwellings range in size from 5,084 to 5,596 square feet of living area and have improvement assessments ranging from \$524,280 to \$609,060 or from \$97.40 to \$112.27 per square foot of living area. Based on this evidence, the appellant requested the total assessment be reduced to \$682,735.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$730,270. The subject property has an improvement assessment of \$580,960 or \$114.79 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the same neighborhood as the subject property. The comparables are improved with part-two, part-three and part-one story dwellings and a part-two, part-one and part-three story dwelling of brick exterior construction that were constructed in 2003 or 2008. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 4,750 to 5,084 square feet of living area and have improvement assessments ranging from \$546,740 to \$574,960 or \$112.27 to \$118.77 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of eight suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2 and #5 due to their difference in dwelling design when compared to the subject property. The Board finds the appellant's comparables #1, #3 and #4 and the board of review's comparables are similar when compared to the subject in location, age, dwelling size, design and other features. These comparables had improvement assessments that ranged from \$108.83 to \$118.77 per square foot of living area. The subject's improvement assessment of \$114.79 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
