

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ram & Sudha Pankaj
DOCKET NO.: 15-05543.001-R-1
PARCEL NO.: 10-02-408-004

The parties of record before the Property Tax Appeal Board are Ram & Sudha Pankaj, the appellants, by attorney Katherine Amari O'Dell, of Amari & Locallo in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$95,650
IMPR.: \$222,500
TOTAL: \$318,150

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of frame exterior construction with 3,981 square feet of living area. The dwelling was constructed in 1996. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 672 square foot garage.¹ The property has a 21,199 square foot site and is located in Burr Ridge, Downers Grove Township, DuPage County.

The appellants contend assessment inequity as the basis of the appeal. In support of this argument the appellants submitted information on three equity comparables located within seven blocks from the subject property. The comparables are improved with two-story dwellings of frame exterior construction that were constructed in 1996. The comparables had features with

varying degrees of similarity when compared to the subject. The dwellings range in size from 3,867 to 4,345 square feet of living area and have improvement assessments ranging from \$198,100 to \$221,760 or from \$51.04 to \$52.94 per square foot of living area. Based on this evidence, the appellants requested the total assessment be reduced to \$301,587.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$318,150. The subject property has an improvement assessment of \$222,500 or \$55.89 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located in the same neighborhood as the subject property. The comparables are improved with two-story dwellings of brick exterior construction that were constructed in 1996 or 1998. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 3,613 to 4,071 square feet of living area and have improvement assessments ranging from \$211,100 to \$227,690 or from \$55.68 to \$58.68 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of six suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #1 and the board of review's comparable #3 due to their larger or smaller dwelling size when compared to the subject property. The Board finds the appellant's comparables #2 and #3 and the board of review's comparables #1 and #2 are similar when compared to the subject in location, age, dwelling size, design and features. These comparables had improvement assessments that ranged from \$51.20 to \$58.68 per square foot of living area. The subject's improvement assessment of \$55.89 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
