

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: L. Briska & W. Lalagos
DOCKET NO.: 15-05607.001-R-1
PARCEL NO.: 01-28-302-018

The parties of record before the Property Tax Appeal Board are L. Briska & W. Lalagos, the appellants, by Jessica Hill-Magiera, Attorney at Law, in Lake Zurich; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$33,570
IMPR.: \$93,520
TOTAL: \$127,090

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part one-story and part two-story dwelling of frame construction with 2,969 square feet of living area. The dwelling was constructed in 1992. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 744 square foot garage. The property has a 40,627 square foot site and is located in West Chicago, Wayne Township, DuPage County.

The appellants contend overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on eight comparable sales with varying degrees of similarity to the subject. The comparables sold from March 2014 to April 2015 for prices ranging from \$241,000 to \$324,000 or from \$82.86 to \$113.72 per square foot of living area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$127,090. The subject's assessment reflects a market value of \$381,652 or \$128.55 per square foot of living area, land included, when using the 2015 three-year average median level of assessment for DuPage County of 33.30% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on six comparable sales with varying degrees of similarity to the subject. The comparables sold from April 2014 to October 2014 for prices ranging from \$380,000 to \$445,000 or from \$131.38 to \$163.67 per square foot of living area, including land.

The appellants filed rebuttal argument arguing the board of review sales should be given less weight for various discrepancies between the subject and the comparables.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be appellants' comparable sale #7 and board of review comparable sales #1 and #6. These most similar comparables sold for prices ranging from \$320,000 to \$432,000 or from \$94.73 and \$156.30 per square foot of living area, including land. The subject's assessment reflects a market value of \$381,652 or \$128.55 per square foot of living area, including land, which is within the ranged established by the best comparable sales in this record on both a total sale price and on a per square foot basis. Less weight was given the remaining comparables submitted by both parties because they were dissimilar to the subject in land area. In addition, little weight was given the appellants' adjusted grid analysis because the author of the report along with the author's qualifications were not disclosed, land size was omitted and the adjustments were not supported with objective evidence. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
