

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: IH2 Property Illinois, LP  
DOCKET NO.: 15-05739.001-R-1  
PARCEL NO.: 03-20-311-003

The parties of record before the Property Tax Appeal Board are IH2 Property Illinois, LP, the appellant, by attorney Jeffrey G. Hertz, of Sarnoff & Baccash in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$26,660  
**IMPR.:** \$75,790  
**TOTAL:** \$102,450

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and brick construction with 3,136 square feet of living area. The dwelling was constructed in 1957. Features of the home include an unfinished basement, central air conditioning and a detached two-car garage. The property has an 11,550 square foot site and is located in Addison, Addison Township, DuPage County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased in July 2013 for a price of \$227,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$102,450. The subject's assessment reflects a market value of

\$307,658 or \$98.11 per square foot of living area, land included, when using the 2015 three-year average median level of assessment for DuPage County of 33.30% as determined by the Illinois Department of Revenue.

As to the subject's sale price, the board of review argued that the subject dwelling was renovated after the sale, which was prior to the January 1, 2015 assessment date at issue. The board of review provided photographs of the home's interior before and after renovation occurred.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be the board of review's comparables #1 and #4. These comparables were similar to the subject in location, style, construction, features, age and land area. These properties also sold proximate in time to the assessment date at issue. The comparables sold for prices of \$370,000 and \$375,000 or \$120.40 and \$151.39 per square foot of living area including land, respectively. The subject's assessment reflects a market value of \$307,658 or \$98.11 per square foot of living area including land, which is below the market values of the best comparable sales in this record and appears justified due to the renovation cost incurred after its purchase, but prior to the assessment date at issue. The Board gave less weight to the board of review's remaining comparables due to their 2013 sale dates and newer age, when compared to the subject. The Board gave less weight to the subject's January 2014 sale price. According to the unrefuted evidence submitted by the board of review, the subject dwelling was remodeled subsequent to its sale. Therefore, the subject's sale price does not reflect its updated condition as of the assessment date. Based on this record the Board finds the subject's assessment is reflective of market value and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
