

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: DACS LLC Series 21  
DOCKET NO.: 15-06039.001-R-1  
PARCEL NO.: 08-36-316-034

The parties of record before the Property Tax Appeal Board are DACS LLC Series 21, the appellant, by attorney Michael R. Davies, of the Law Offices of Michael R. Davies, Ltd. in Oak Lawn; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,100  
**IMPR.:** \$25,250  
**TOTAL:** \$28,350

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a single-level condominium of frame exterior construction with 856 square feet of living area. The dwelling was constructed in 1984. Features of the home include a 231 square foot garage. The property is located in Woodridge, Lisle Township, DuPage County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted limited information on five equity comparables located within the same neighborhood assessment code as the subject property.<sup>1</sup> The comparables were improved with dwellings that were each built in 1982. The dwellings each contain 920 square feet of living area. The dwellings have improvement assessments of \$25,870 or \$28.12 per

<sup>1</sup> The appellant submitted incomplete information on the grid analysis regarding the comparables' location and other features, however, the board of review provided this data.

square foot of living area. Based on this evidence, the appellant requested the total assessment be reduced to \$27,171.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,350. The subject property has an improvement assessment of \$25,250 or \$29.50 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same neighborhood assessment code as the subject property. The comparables were improved with dwellings that were built in 1982 or 1983. The dwellings had features with varying degrees of similarity when compared to the subject. The dwellings each contain 856 square feet of living area. The dwellings have improvement assessments of \$25,230 and \$25,250 or \$29.47 and \$29.50 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of 10 suggested equity comparables for the Board's consideration. The Board finds the appellant's comparables and the board of review's comparables were similar to the subject in location, age, dwelling size, exterior construction and features. These comparables had improvement assessments that ranged from \$28.12 to \$29.50 per square foot of living area. The subject's improvement assessment of \$29.50 per square foot of living area falls within the range established by the comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
