

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Wengang Yao & Ling Ge
DOCKET NO.: 15-06125.001-R-1
PARCEL NO.: 08-16-313-003

The parties of record before the Property Tax Appeal Board are Wengang Yao & Ling Ge, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$50,560
IMPR.: \$126,630
TOTAL: \$177,190

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part two-story and part one-story-story dwelling of frame exterior construction with 3,653 square feet of living area. The dwelling was constructed in 1995. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 640 square foot garage. The property has a 10,797 square foot site and is located in Lisle, Lisle Township, DuPage County.

The appellants contend assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellants submitted information on three equity comparables located in the same neighborhood code and from .02 to .11 of a mile from the subject property.¹ The appellants reported that the comparables were improved with

two-story style frame dwellings.² The comparables ranged in size from 3,320 to 3,647 square feet of living area and were constructed from 1991 to 1995. Features include an unfinished basement, central air conditioning, one fireplace and a garage ranging in size from 500 to 844 square feet of building area. The comparables had improvement assessments that ranged from \$101,990 to \$109,830 or from \$30.12 to \$30.94 per square foot of living area. Based on this evidence, the appellants requested that the improvement assessment be reduced to \$111,757 or \$30.59 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$177,190. The subject property has an improvement assessment of \$126,630 or \$34.66 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables located in the same neighborhood code and from .04 to .12 of a mile from the subject property. The comparables were improved with part two-story and part one-story style frame dwellings that range in size from 3,473 to 3,751 square feet of living area. The dwellings were constructed from 1994 to 1996. Features include an unfinished basement, central air conditioning, one fireplace and a garage ranging in size from 642 to 695 square feet of building area. The comparables had improvement assessments that ranged from \$122,960 to \$140,940 or from \$34.67 to \$37.57 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the comparables submitted by both parties have various degrees of similarity in location, dwelling size, exterior construction, age, style and features when compared to the subject property. These comparables had improvement assessments that ranged from \$101,190 to \$140,940 or from \$30.12 to \$37.57 per square foot of living area. The subject's improvement assessment of \$126,630 or \$34.66 per square foot of living area falls within the range established by the comparables in this record. Based on this record the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

² The board of review also submitted a grid analysis of the appellants' comparables and described them as part two-story and part one-story style dwellings, the same as the subject property.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
