

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Narendra Karamchandani  
DOCKET NO.: 15-06135.001-R-1  
PARCEL NO.: 06-34-205-004

The parties of record before the Property Tax Appeal Board are Narendra Karamchandani, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$127,630  
**IMPR.:** \$302,650  
**TOTAL:** \$430,280

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick, masonry or stone exterior construction with 6,240 square feet of living area. The dwelling was constructed in 2002. Features of the home include a basement with finished area, central air conditioning, three fireplaces and a four-car garage with 1,161 square feet of building area. The property has a 21,785 square foot site and is located in Oak Brook, York Township, DuPage County.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on three equity comparables located in the same neighborhood assigned by the township assessor as the subject property. The comparables were improved with two-story style brick or stucco dwellings that ranged in size from 5,217 to 6,512 square feet of living area. The dwellings were constructed from 1987 to 2002. Each comparable has an unfinished basement, central air

conditioning, two or four fireplaces and a garage ranging in size from 740 to 1,122 square feet of building area.<sup>1</sup> The comparables had improvement assessments that ranged from \$234,770 to \$272,520 or from \$39.93 to \$45.87 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$265,512 or \$42.55 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$430,280. The subject property has an improvement assessment of \$302,650 or \$48.50 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood assigned by the township assessor as the subject property. The comparables were improved with two-story style brick, masonry or stone dwellings that range in size from 5,942 to 6,347 square feet of living area. The dwellings were constructed from 1993 to 2003. Each comparable has a basement with two comparables having finished area, central air conditioning, two to four fireplaces and a garage ranging in size from 844 to 1,163 square feet of building area. One comparable has an in-ground swimming pool. The comparables had improvement assessments that ranged from \$289,450 to \$300,720 or from \$45.94 to \$50.20 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board finds the comparables submitted by both parties have various degrees of similarity in location, dwelling size, age, style and features when compared to the subject property. These comparables had improvement assessments that ranged from \$39.93 to \$50.20 per square foot of living area. The subject's improvement assessment of \$48.50 per square foot of living area falls within the range established by the comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

<sup>1</sup> Due to greater details in characteristics, the data is drawn from the board of review reiteration of the appellant's comparables and property record cards. Also, the appellant's grid analysis indicates that comparable #3 does not have a basement but per the property record card and assessment worksheet there is a full unfinished basement.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
