

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter Rush  
DOCKET NO.: 15-06152.001-R-1  
PARCEL NO.: 09-12-119-008

The parties of record before the Property Tax Appeal Board are Peter Rush, the appellant, by attorney George J. Relias, of Relias & Tsonis, LLC in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$90,210  
**IMPR.:** \$391,790  
**TOTAL:** \$482,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a part two-story, part three-story and part one-story dwelling of brick exterior construction with 3,897 square feet of living area. The dwelling was constructed in 2000. Features of the home include a full basement with 75% finished area, central air conditioning, two fireplaces and a 693 square foot garage. The property has a 10,619 square foot site and is located in Hinsdale, Downers Grove Township, DuPage County.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on three equity comparables located in the same neighborhood assigned by the township assessor as the subject property. The comparables were improved with a part two-story, part three-story and part one-story style frame dwellings that ranged in size from 3,697 to 3,966 square feet of living area. The dwellings were constructed in 1991 or 1998. Each comparable has a basement

with two having finished area of 75% or 100%, central air conditioning, two to four fireplaces and a garage ranging in size from 418 to 506 square feet of building area.<sup>1</sup> The comparables had improvement assessments that ranged from \$213,560 to \$348,300 or from \$53.85 to \$94.21 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$306,257 or \$78.59 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$482,000. The subject property has an improvement assessment of \$391,790 or \$100.54 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood assigned by the township assessor as the subject property. The comparables were improved with two part two-story, part three-story and part one-story and two part two-story and part one-story style brick dwellings that range in size from 3,235 to 4,019 square feet of living area. The dwellings were constructed from 1998 to 2013. Each comparable has a basement with finished area ranging from 50% to 100%, central air conditioning, three or four fireplaces and a garage ranging in size from 400 to 651 square feet of building area. The comparables had improvement assessments that ranged from \$334,580 to \$424,340 or from \$103.43 to \$114.02 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #2 due to its lack of finished basement when compared to the subject having a 75% finished basement. The Board gave less weight to the board of review's comparable #1 based on its much newer construction when compared to the subject. The Board gave less weight to the appellant's comparable #3 as it is an outlier when compared to the other comparables.

The Board finds the best evidence of assessment equity to be the remaining four comparables. These comparables have varying degrees of similarity in location, dwelling size, design, age and features when compared to the subject property. These comparables had improvement assessments that ranged from \$94.21 to \$114.02 per square foot of living area. The subject's improvement assessment of \$100.54 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the

appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
