

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dimitri Stathopoulos  
DOCKET NO.: 15-06195.001-R-1  
PARCEL NO.: 06-01-311-007

The parties of record before the Property Tax Appeal Board are Dimitri Stathopoulos, the appellant, by attorney Peter D. Verros of Verros, Lafakis & Berkshire, P.C., in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 97,020  
**IMPR.:** \$362,640  
**TOTAL:** \$459,660

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame, brick or stone exterior construction that has 5,204 square feet of living area. The dwelling was built in 2013. Features include a basement and a two-car garage. The subject property is located in York Township, DuPage County, Illinois.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of the inequity claim, the appellant submitted limited descriptive information for three assessment comparables located within .08 of a mile from the subject. The comparables had varying degrees of similarity when compared to the subject. The comparables have improvement assessments ranging from \$230,330 to \$237,830 or from \$60.74 to \$61.25 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$459,660. The subject property has an improvement assessment of \$362,640 or \$69.69 per square foot of living area.

In support of the subject's assessment, the board of review submitted six assessment comparables located within the same neighborhood code as the subject, as defined by the local assessor. The evidence was prepared by the deputy township assessor. The comparables had varying degrees of similarity when compared to the subject. The comparables have improvement assessments ranging from \$347,450 to \$371,520 or from \$67.73 to \$73.54 per square foot of living area.

The deputy assessor contends the comparables used by the appellant are located in a different neighborhood code than the subject, although they are located within .08 of mile from the subject. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant failed to meet this burden of proof.

The record contains nine assessment comparables for the Board's consideration. The Board gave less weight to the comparables submitted by the appellant due to their smaller dwelling size and smaller basements when compared to the subject. The Board finds the comparables submitted by the board of review are more similar when compared to the subject in design, age, dwelling size and features. They have improvement assessments ranging from \$347,450 to \$371,520 or from \$67.73 to \$73.54 per square foot of living area. The subject property has an improvement assessment of \$362,640 or \$69.69 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in the record. After considering adjustments to the comparables for any differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
