

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard & Patricia Moore
DOCKET NO.: 15-06197.001-R-1
PARCEL NO.: 09-11-308-002

The parties of record before the Property Tax Appeal Board are Richard & Patricia Moore, the appellants, by attorney George J. Relias of Relias & Tsonis, LLC, in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 84,230
IMPR.: \$214,000
TOTAL: \$298,230

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part two-story and part one-story dwelling of frame exterior construction that has 3,110 square feet of living area. The dwelling was built in 1994. Features include a full finished basement, central air conditioning, a fireplace and a 483 square foot garage. The subject property is located in Downers Grove Township, DuPage County, Illinois.

The appellants contend assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of the inequity claim, the appellants submitted four assessment comparables located within the same neighborhood code as the subject. The comparables had varying degrees of similarity when compared to the subject. The comparables have improvement assessments ranging from \$181,950 to \$214,310 or from \$54.04 to \$63.03 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$298,230. The subject property has an improvement assessment of \$214,000 or \$68.81 per square foot of living area.

In support of the subject's assessment, the board of review submitted three assessment comparables located within the same neighborhood code as the subject. The comparables had varying degrees of similarity when compared to the subject. The comparables have improvement assessments ranging from \$213,280 to \$222,170 or from \$68.59 to \$70.41 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants failed to meet this burden of proof.

The record contains seven assessment comparables for the Board's consideration. The Board gave less weight to comparables #1 and #2 submitted by the appellants due to their unfinished basements, inferior to the subject. The Board gave less weight to comparables #1 and #2 submitted by the board of review due to their newer dwelling age when compared to the subject. The Board finds the remaining three comparables are more similar when compared to the subject in location, design, age, dwelling size and features. They have improvement assessments ranging from \$181,950 to \$218,140 or from \$54.04 to \$70.41 per square foot of living area. The subject property has an improvement assessment of \$214,000 or \$68.81 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in the record. After considering adjustments to the comparables for any differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
