

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael & Kathy Graczyk
DOCKET NO.: 15-06204.001-R-1
PARCEL NO.: 05-23-312-004

The parties of record before the Property Tax Appeal Board are Michael & Kathy Graczyk, the appellants, by attorney Brian S. Maher of Weis, DuBrock, Doody & Maher, in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 25,180
IMPR.: \$124,920
TOTAL: \$150,100

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and frame exterior construction that has 3,347 square feet of living area. The dwelling was built in 1972. Features include an unfinished basement, central air conditioning, a fireplace and a 461 square foot garage. The subject property is located in Milton Township, DuPage County, Illinois.

The appellants contend assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of the inequity claim, the appellants submitted three assessment comparables. Their proximity in relation to the subject was not disclosed. The comparables had varying degrees of similarity when compared to the subject. The comparables have improvement assessments ranging from \$68,390 to \$144,920 or from \$31.45 to \$36.53 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$150,100. The subject property has an improvement assessment of \$124,920 or \$37.32 per square foot of living area.

In support of the subject's assessment, the board of review submitted seven assessment comparables located within the same neighborhood code as the subject. In addition, the location map shows the comparables are located in close proximity to the subject. The comparables had varying degrees of similarity when compared to the subject. The comparables have improvement assessments ranging from \$119,870 to \$126,470 or from \$37.79 to \$39.87 per square foot of living area.

The board of review argued the appellants' comparables are dissimilar to the subject in dwelling size and/or location. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants failed to meet this burden of proof.

The record contains 10 assessment comparables for the Board's consideration. The Board gave less weight to the comparables submitted by the appellants. Comparables #1 and #3 are dissimilar in dwelling size when compared to the subject. Comparables #2 and #3 are not located in close proximity or in the same neighborhood as the subject. The Board finds the comparables submitted by the board of review are more similar when compared to the subject in location, design, age, dwelling size and features. They have improvement assessments ranging from \$119,870 to \$126,470 or from \$37.79 to \$39.87 per square foot of living area. The subject property has an improvement assessment of \$124,920 or \$37.32 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in the record on an overall basis and below the range on a per square foot basis. After considering adjustments to the comparables for any differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
