

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Burt Roth
DOCKET NO.: 15-06213.001-R-1
PARCEL NO.: 06-33-202-010

The parties of record before the Property Tax Appeal Board are Burt Roth, the appellant, by attorney Brian S. Maher of Weis, DuBrock, Doody & Maher, in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$131,160
IMPR.: \$304,910
TOTAL: \$436,070

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick, masonry or stone exterior construction that has 6,565 square feet of living area. The dwelling was built in 1982. Features include an unfinished basement and a four-car garage. The subject property is located in York Township, DuPage County, Illinois.

The appellant contend assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of the inequity claim, the appellant submitted limited descriptive information for three assessment comparables located in the same neighborhood code as the subject. The comparables are comprised of two-story or part one-story and part two-story dwellings that were built from 1984 to 1991. Each comparable has an unfinished basement and a three-car garage. The dwellings range in size from 6,457 to 7,063 square feet of living area and have improvement assessments ranging from \$241,810 to \$316,080 or from \$37.45 to \$44.78 per

square foot of living area.¹ Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$436,070. The subject property has an improvement assessment of \$304,910 or \$46.44 per square foot of living area.

In support of the subject's assessment, the board of review submitted limited descriptive information on five assessment comparables located within the same neighborhood code as the subject. The comparables are comprised of two-story dwellings that were built from 1985 to 1989. The comparables were reported to have unfinished basements and three to five car garages. The dwellings range in size from 6,308 to 6,789 square feet of living area and have improvement assessments ranging from \$308,180 to \$337,030 or from \$46.05 to \$52.74 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant failed to meet this burden of proof.

The record contains eight assessment comparables for the Board's consideration. The Board finds the both parties' comparables were generally similar when compared to the subject in location, design, age, dwelling size and the limited features disclosed. They have improvement assessments ranging from \$241,810 to \$337,030 or from \$37.45 to \$52.74 per square foot of living area. The subject property has an improvement assessment of \$304,910 or \$46.44 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in the record. After considering adjustments to the comparables for any differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

¹ The appellant miscalculated the per square foot improvement assessment for comparable #1.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
