

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Equity Attainment, Inc.  
DOCKET NO.: 15-06222.001-R-1  
PARCEL NO.: 09-11-409-017

The parties of record before the Property Tax Appeal Board are Equity Attainment, Inc., the appellant, by attorney Brian S. Maher of Weis, DuBrock, Doody & Maher, in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 52,780  
**IMPR.:** \$269,200  
**TOTAL:** \$321,980

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a part two-story and part one-story dwelling of frame exterior construction that has 3,616 square feet of living area. The dwelling was built in 1992. Features include a full unfinished basement, central air conditioning, two fireplaces and a 740 square foot garage. The subject property is located in Downers Grove Township, DuPage County, Illinois.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of the inequity claim, the appellant submitted three assessment comparables located within the same neighborhood code as the subject. The comparables are comprised of part one-story and part two-story or two-story dwellings of brick or frame exterior construction that were built from 2001 to 2014. Features include unfinished basements, central air conditioning, one or two fireplaces and garages that range in size from 475

to 643 square feet of building area.<sup>1</sup> The dwellings range in size from 3,389 to 3,656 square feet of living area and have improvement assessments ranging from \$211,060 to \$238,940 or from \$58.91 to \$65.66 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$321,980. The subject property has an improvement assessment of \$269,200 or \$74.45 per square foot of living area.

In support of the subject's assessment, the board of review submitted three assessment comparables located within the same neighborhood code as the subject. The comparables are comprised of part two-story and part one-story dwellings of frame or brick and frame exterior construction that were built from 1992 to 1996. The comparables has full or partial unfinished basements, central air conditioning, two fireplaces and a garage that range in size from 406 to 566 square feet of building of building area. The dwellings range in size from 3,336 to 3,612 square feet of living area and have improvement assessments ranging from \$258,960 to \$292,310 or from \$77.63 to \$80.93 per square foot of living area.

The board of review, through the township assessor, argued the appellant's comparables receive economic obsolescence reductions applied to their assessments of -20% or -30% due to their proximate locations near busy thoroughfares or railroad tracks. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant failed to meet this burden of proof.

The record contains six assessment comparables for the Board's consideration. The Board gave less weight to the comparables submitted by the appellant. These comparables receive economic obsolescence reductions applied to their assessments of -20% or -30% due to their proximate locations near busy thoroughfares or railroad tracks, unlike the subject. The Board finds the comparables submitted by the board of review are more similar when compared to the subject in location, design, age, dwelling size and features. These comparable have improvement assessments ranging from \$258,960 to \$292,310 or from \$77.63 to \$80.93 per square foot of living area. The subject property has an improvement assessment of \$269,200 or \$74.45 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in the record on an overall basis and below the range on a per square foot basis. Therefore, no reduction in the subject's assessment is warranted.

<sup>1</sup> Much of the descriptive information for the appellant's comparables was supplied by the board of review.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
