

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zina O'Callaghan  
DOCKET NO.: 15-06230.001-R-1  
PARCEL NO.: 09-18-206-017

The parties of record before the Property Tax Appeal Board are Zina O'Callaghan, the appellant, by attorney Brian S. Maher of Weis, DuBrock, Doody & Maher, in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$36,520  
**IMPR.:** \$31,960  
**TOTAL:** \$68,480

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame exterior construction that has 960 square feet of living area. The dwelling was built in 1952. Features include a 280 square foot garage. The subject property is located in Downers Grove Township, DuPage County, Illinois.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of the inequity claim, the appellant submitted three assessment comparables located within the same neighborhood code as the subject. The comparables are comprised of a part one and one-half story and part one story dwelling; a one-story dwelling; and a two-story dwelling. The dwellings are of frame or brick exterior construction that were built from 1926 to 1940. Two comparables have full unfinished basements, two comparables have a fireplace and two comparables have a garage. The dwellings range in size from 1,212 to 1,536 square feet of living area and have improvement assessments

ranging from \$34,260 to \$45,490 or from \$27.97 to \$31.83 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$68,480. The subject property has an improvement assessment of \$31,960 or \$33.29 per square foot of living area.

In support of the subject's assessment, the board of review submitted three assessment comparables located within the same neighborhood code as the subject. The comparables are comprised of one-story dwellings of frame exterior construction that were built in 1957 or 1958. One comparable has central air conditioning and a garage. The dwellings range in size from 912 to 1,079 square feet of living area and have improvement assessments ranging from \$30,560 to \$39,850 or from \$28.32 to \$43.70 per square foot of living area.<sup>1</sup> Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant failed to meet this burden of proof.

The record contains six assessment comparables for the Board's consideration. The Board gave less weight to the comparables submitted by the appellant due to their larger dwelling size, older age and dissimilar features when compared to the subject. The Board finds the comparables submitted by the board of review are more similar when compared to the subject in location, design, age, dwelling size and features. They have improvement assessments ranging from \$30,560 to \$39,850 or from \$28.32 to \$43.70 per square foot of living area. The subject property has an improvement assessment of \$31,960 or \$33.29 per square foot of living area, which falls within the range established by most similar assessment comparables contained in the record. After considering adjustments to the comparables for any differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

---

<sup>1</sup> The board of review miscalculated the per square foot improvement assessment for comparable #3.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
