

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Parviz Buroumand
DOCKET NO.: 15-06231.001-R-1
PARCEL NO.: 09-19-306-009

The parties of record before the Property Tax Appeal Board are Parviz Buroumand, the appellant, by attorney Brian S. Maher of Weis, DuBrock, Doody & Maher, in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 38,030
IMPR.: \$ 79,720
TOTAL: \$117,750

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part two-story and part one-story dwelling of brick and frame exterior construction that has 2,301 square feet of living area. The dwelling was built in 1988 with an addition constructed in 2010 resulting in an effective age of 1999. Features include an unfinished basement, central air conditioning, a fireplace and a 441 square foot garage. The subject property is located in Downers Grove Township, DuPage County, Illinois.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of the inequity claim, the appellant submitted three assessment comparables located within the same neighborhood code as the subject. The comparables are comprised of part one-story and part two-story dwellings of brick and frame exterior construction that were built from 1988 to 1991. Features include full or partial unfinished basements, central air conditioning, a fireplace and a garage that contains 440 or 441

square feet of building area. The dwellings range in size from 2,100 to 3,106 square feet of living area and have improvement assessments ranging from \$55,930 to \$94,790 or from \$26.63 to \$32.00 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$117,750. The subject property has an improvement assessment of \$79,720 or \$34.65 per square foot of living area.

In support of the subject's assessment, the board of review submitted three assessment comparables located within the same neighborhood code as the subject. The comparables are comprised of part two-story and part one-story dwellings of brick and frame exterior construction that built were in 1987 or 1988. The comparables have full or partial unfinished basements, central air conditioning, a fireplace and a garage that range in size from 441 to 552 square feet of building area. The dwellings range in size from 2,287 to 2,330 square feet of living area and have improvement assessments ranging from \$81,260 to \$82,980 or from \$34.88 to \$36.11 per square foot of living area.

The board of review, through the township assessor, indicated appellant's comparable #1 had its assessment reduced to reflect its 2013 sale price. The listing described the home as "need some work" and was "sold as is." Therefore, its 2015 assessment reflects its interior condition. Comparables #2 and #3 had additions constructed in 2000 and 2004 resulting in effective ages of 1995 and 1996, respectively. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant failed to meet this burden of proof.

The record contains six assessment comparables for the Board's consideration. The Board gave less weight to comparables #1 and #2 submitted by the appellant. Comparable #1 is in inferior condition when compared to the subject. Comparable #2 is larger in dwelling size when compared to the subject. The Board finds the remaining four comparables are more similar when compared to the subject in location, design, actual age, effective age, dwelling size and features. They have improvement assessments ranging from \$80,870 to \$82,980 or from \$32.00 to \$36.11 per square foot of living area. The subject property has an improvement assessment of \$79,720 or \$34.65 per square foot of living area, which falls below the range established by most similar assessment comparables contained in the record on an overall basis and within the range on a per square foot basis. After considering adjustments to the comparables for any differences when

compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
