

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul & Dorothy Fung
DOCKET NO.: 15-06550.001-R-1
PARCEL NO.: 09-21-311-015

The parties of record before the Property Tax Appeal Board are Paul & Dorothy Fung, the appellants, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC, in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 59,500
IMPR.: \$138,770
TOTAL: \$198,270

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part two-story and part one-story dwelling of brick construction that has 3,860 square feet of living area. The dwelling was built in 1995. Features include an unfinished basement, central air conditioning, a fireplace and a 698 square foot garage. The subject property is located in Downers Grove Township, DuPage County, Illinois.

The appellants contend assessment inequity as the basis of the appeal. In support of the inequity claim, the appellants submitted a grid analysis of three assessment comparables located in the same neighborhood code as the subject. The comparables are comprised part two-story and part one-story dwellings of brick construction that were built from 1992 to 1995. Features include unfinished basements, three comparables have central air conditioning, one or two fireplaces and garages that contain from 682 to 844 square feet of building area. The dwellings range in size from 3,392 to 4,545 square feet of living area and have improvement assessments ranging from

\$80,820 to \$168,64 or from \$23.88 to \$37.10 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$198,270. The subject property has an improvement assessment of \$138,770 or \$35.95 per square foot of living area. In support of the subject's assessment, the board of review submitted a grid analysis of the assessment comparables submitted by the appellant and three additional assessment comparables. The evidence was prepared by the Downers Grove Township Assessor. The three additional comparables are located in the same neighborhood code as the subject. The comparables are comprised part two-story and part one-story dwellings of brick or brick and frame construction that were built from 1994 to 2000. Features include unfinished basements, central air conditioning, one fireplace and garages that range in size from 698 to 959 square feet of building area. The dwellings range in size from 3,855 to 4,142 square feet of living area and have improvement assessments ranging from \$141,210 to \$151,610 or from \$36.40 to \$36.63 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof.

The record contains six assessment comparables for the Board's consideration. The Board gave less weight to comparables #2 and #3 submitted by the appellants due to their dissimilar dwelling size when compared to the subject. The Board finds the remaining four comparables more similar when compared to the subject in location, design, age, dwelling size and features. They have improvement assessments ranging from \$139,010 to \$151,610 or from \$34.58 to \$36.63 per square foot of living area. The subject property has an improvement assessment of \$138,770 or \$35.95 per square foot of living area, which falls below the range established by the most similar assessment comparables contained in the record on an overall basis and within the range on a per square foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
