

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Denise Axtell  
DOCKET NO.: 15-06553.001-R-1  
PARCEL NO.: 08-20-410-043

The parties of record before the Property Tax Appeal Board are Denise Axtell, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC, in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 50,710  
**IMPR.:** \$127,410  
**TOTAL:** \$178,120

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a part two-story and part one-story dwelling of frame construction that has 3,787 square feet of living area. The dwelling was built in 1986. Features include an unfinished basement, central air conditioning, two fireplaces and a 805 square foot garage. The subject property is located in Lisle Township, DuPage County, Illinois.

The appellant contends assessment inequity as the basis of the appeal. In support of the inequity claim, the appellant submitted a grid analysis of three assessment comparables. Their proximate location in relation to the subject was not disclosed. The comparables are comprised of two-story dwellings of unknown exterior construction that were built in 1985 or 1988. Features include unfinished basements and garages that contain from 560 to 816 square feet of building area. The analysis did not disclose whether the comparables had central air conditioning or fireplaces. The dwellings range in size from 3,254 to 4,392 square feet of living area. They have

improvement assessments ranging from \$94,630 to \$126,310 or from \$28.76 to \$29.29 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$178,120. The subject property has an improvement assessment of \$127,410 or \$33.64 per square foot of living area. In support of the subject's assessment, the board of review submitted a grid analysis of the assessment comparables submitted by the appellant and three additional assessment comparables. The evidence was prepared by the Lisle Township Assessor. The three additional comparables located within .26 of mile and same neighborhood code as the subject. The comparables are comprised of part two-story and part one-story dwellings of frame construction that were built in 1985 or 1987. Features include unfinished basements, central air conditioning, one fireplace and garages that range in size from 546 to 758 square feet of building area. The dwellings range in size from 3,644 to 3,826 square feet of living area. They have improvement assessments ranging from \$122,720 to \$137,580 or from \$33.68 to \$35.96 per square foot of living area.

The evidence prepared by the assessor also indicates the comparables submitted by the appellant receive a 10% assessment reduction due to their close proximate location near busy Naper Boulevard. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof.

The record contains six assessment comparables for the Board's consideration. The Board gave less weight to the comparables submitted by the appellant. These comparables receive 10% assessment reductions due to their close proximate location near busy Naper Boulevard, unlike the subject. In addition, comparables #2 and #3 are dissimilar in dwelling size when compared to the subject. The Board finds the comparables submitted by the board of review are more similar when compared to the subject in location, design, age, dwelling size and features. They have improvement assessments ranging from \$122,720 to \$137,580 or from \$33.68 to \$35.96 per square foot of living area. The subject property has an improvement assessment of \$127,410 or \$33.64 per square foot of living area, which falls within the range established by the most similar assessment comparables contained in the record on an overall basis and below the range on a per square foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
