

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rowcor, LLC  
DOCKET NO.: 15-06670.001-R-1  
PARCEL NO.: 02-14-376-001

The parties of record before the Property Tax Appeal Board are Rowcor, LLC, the appellant, by attorney Jessica Hill-Magiera in Lake Zurich; and the Kendall County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Kendall** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,289  
**IMPR.:** \$84,261  
**TOTAL:** \$94,550

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and frame construction with 3,972 square feet of living area. The dwelling was constructed in 2005. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 667 square foot garage. The property has a 16,063 square foot site and is located in Yorkville, Bristol Township, Kendall County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on nine comparable sales. The comparables had varying degrees of similarity to the subject. The comparables had sale dates occurring from April 2014 to December 2015 for prices ranging from \$236,900 to \$267,000 or from \$60.96 to \$82.23 per square foot of living area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$94,550. The subject's assessment reflects a market value of \$283,678 or \$71.42 per square foot of living area, land included, when using the 2015 three year average median level of assessment for Kendall County of 33.33% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales, two of which were submitted by the appellant. The comparables had varying degrees of similarity to the subject. The comparables had sale dates occurring from March 2014 to June 2015 for prices ranging from \$242,000 to \$322,000 or from \$63.33 to \$78.96 per square foot of living area, including land.

Under rebuttal, the appellant argued that the board of review did not dispute the appellant's evidence and the median sale price of the best comparables should be used to determine market value. In addition, two of the board of review's comparables were the same as the appellant's and a third supports a reduction in the subject's assessment.

The board of review submitted sur-rebuttal that the author of the appellant's evidence was not disclosed or how adjustments to the appellant's comparables was calculated.

The appellant submitted sur-rebuttal that the board of review's sur-rebuttal was inappropriate.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the parties' common sales, as well as the board of review's sales #3 and #4. These four most similar comparables sold from March 2014 to June 2015 for prices ranging from \$242,000 to \$322,000 or from \$63.33 to \$78.96 per square foot of living area, including land. The subject's assessment reflects a market value of \$283,678 or \$71.42 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. The Board gave less weight to the appellant's remaining sales due to their smaller or larger sizes when compared to the subject. Furthermore, five of these sales had conflicting evidence, as to their sizes, between the appellant's initial evidence and rebuttal evidence. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
