

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Craig Iseli
DOCKET NO.: 15-20036.001-R-1
PARCEL NO.: 16-07-114-018-0000

The parties of record before the Property Tax Appeal Board are Craig Iseli, the appellant, by attorney Timothy E. Moran of Schmidt Salzman & Moran, Ltd, in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,870
IMPR.: \$78,908
TOTAL: \$91,778

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 4,509 square feet of living area. The dwelling is approximately 120 years old. Features of the home include a partial unfinished basement and 2.5-car garage. The property has a 14,625 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on five equity comparables located within the same neighborhood code as the subject property. The comparables were improved with two-story dwellings of frame, stucco or frame and masonry exterior construction. The dwellings are from 96 to 128 years old. Each comparable

has a full basement with two comparables having a finished area, three comparables have central air-conditioning, each comparable has one to five fireplaces and three comparables have a two-car garage.¹ The dwellings range in size from 4,548 to 4,740 square feet of living area and have improvement assessments ranging from \$76,218 to \$83,463 or from \$16.61 to \$17.61 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$77,974 or \$17.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$98,049. The subject property has an improvement assessment of \$85,179 or \$18.89 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables were improved with two-story dwellings of frame exterior construction that range in size from 3,676 to 4,192 square feet of living area. The dwellings are from 121 to 131 years old. Each comparable has a full unfinished basement, two comparables have central air-conditioning, three comparables have one or two fireplaces and each comparable has a two-car, 2.5-car or three-car garage. The comparables have improvement assessments that ranged from \$72,965 to \$82,041 or from \$19.57 to \$20.85 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gave less weight to the board of review's comparables due to their considerably smaller dwelling sizes when compared to the subject's dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables. These comparables were most similar to the subject in location, design, exterior construction, age, dwelling size and features. These comparables had improvement assessments ranging from \$76,218 to \$83,463 or from \$16.61 to \$17.61 per square foot of living area. The subject's improvement assessment of \$85,179 or \$18.89 per square foot of living area is above the range of the best comparables contained in this record. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

¹ The appellant's Comparable Sales/Assessment Grid Analysis provided limited descriptive information on its comparables. The appellant submitted the property record cards from the Cook County Assessor's Office website with a description of the property's characteristics, including the basement areas, for each of the comparables.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
