

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Walsh  
DOCKET NO.: 15-20039.001-R-1  
PARCEL NO.: 16-06-119-008-0000

The parties of record before the Property Tax Appeal Board are James Walsh, the appellant, by attorney Timothy E. Moran of Schmidt Salzman & Moran, Ltd, in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,150  
**IMPR.:** \$41,012  
**TOTAL:** \$49,162

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 2,327 square feet of living area. The dwelling is approximately 91 years old. The property has an 8,150 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on five equity comparables with varying degrees of similarity to the subject. The comparables are located within the same neighborhood code as the subject property. The comparables were improved with one-story and 1.5-story dwellings of masonry exterior construction. The dwellings are from 50 to 89 years old. Four comparables have partial or full basements with one comparable having finished area, each comparable has central air-conditioning, three comparables have a fireplace and three comparables have a 1.5-car or two-car garage. The dwellings range in size from 2,191 to 2,462 square feet of

living area and have improvement assessments ranging from \$34,363 to \$38,671 or from \$15.00 to \$15.71 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$36,496 or \$15.68 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$49,162. The subject property has an improvement assessment of \$41,012 or \$17.62 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with varying degrees of similarity to the subject property. The comparables are located within the same neighborhood code as the subject property. The comparables were improved with 1.5-story dwellings of masonry or frame and masonry exterior construction that range in size from 1,852 to 2,132 square feet of living area. The dwellings are from 74 to 95 years old. Each comparable has a partial or full basement with two comparables having finished areas, two comparables have central air-conditioning, three comparables have a fireplace and each comparable has a two-car garage. The comparables have improvement assessments that ranged from \$35,530 to \$41,771 or from \$18.19 to \$19.83 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #4 and #5 because of their one-story design, considerably newer age and/or lack of a basement when compared to the subject's 1.5-story design, older age of 91 years old and full finished basement. The Board also gave less weight to the board of review's comparables #1 and #2 based on their smaller dwelling size when compared to the subject's larger dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2 and #3 along with the board of review's comparables #3 and #4. These comparables are most similar to the subject in location, design, exterior construction, age and dwelling size. These comparables had improvement assessments that ranged from \$34,363 to \$41,771 or from \$15.00 to \$19.83 per square foot of living area. The subject's improvement assessment of \$41,012 or \$17.62 per square foot of living area falls within the range of the best comparables contained in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
