

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joan Anzia
DOCKET NO.: 15-20046.001-R-1
PARCEL NO.: 15-01-302-008-0000

The parties of record before the Property Tax Appeal Board are Joan Anzia, the appellant, by attorney Timothy E. Moran of Schmidt Salzman & Moran, Ltd, in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,760
IMPR.: \$54,084
TOTAL: \$62,844

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,646 square feet of living area. The dwelling is approximately 89 years old. Features of the home include a full finished basement, central air-conditioning, two fireplaces and a 2.5-car garage. The property has a 10,950 square foot site and is located in River Forest, River Forest Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on five equity comparables with varying degrees of similarity to the subject. The comparables are located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of stucco, frame or frame and masonry exterior construction. The dwellings are from 78 to 103 years old and contain from 2,527 to 2,672 square feet of living

area. Each comparable has a partial or full basement with one comparable having finished area, three comparables have central air-conditioning, four comparables have a fireplace and four comparables have a one-car or two-car detached garage. The comparables have improvement assessments ranging from \$45,424 to \$49,316 or from \$17.00 to \$18.98 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$48,157 or \$18.20 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$62,844. The subject property has an improvement assessment of \$54,084 or \$20.44 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables which are located within the same neighborhood code as the subject. Each comparable is improved with two-story masonry or frame and masonry dwellings. Each dwelling is either 87 or 89 years old and has from 2,416 to 3,192 square feet of living area. Each comparable has a full finished basement, two comparables have central air-conditioning, each comparable has one or two fireplaces and each comparable has a two-car or 2.5-car garage. The comparables have improvement assessments ranging from \$56,210 to \$93,235 or from \$23.27 to \$29.21 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1, #2, #3 and #5 because of their dissimilar partial or full unfinished basements when compared to the subject's full finished basement. The Board gave less weight to the board of review's comparable #3 due to its larger dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 along with the board of review comparables #1, #2 and #4. These comparables are most similar to the subject in location, design, exterior construction, age, dwelling size, foundation and features. The comparables have improvement assessments ranging from \$49,316 to \$70,686 or from \$18.78 to \$24.77 per square foot of living area. The subject's improvement assessment of \$54,084 or \$20.44 per square foot of living area is within the range of the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
