

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edispark, LLC
DOCKET NO.: 15-20052.001-R-1 through 15-20052.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Edispark, LLC, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
15-20052.001-R-1	25-30-419-031-0000	1,328	5,906	\$7,234
15-20052.002-R-1	25-30-419-048-0000	1,859	5,907	\$7,766

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story multi-family dwelling of masonry construction with 5,694 square feet of living area. The building has a slab foundation, six apartment units and is 54 years old. The property has a 7,500 square foot site and is located in Calumet Park, Calumet Township, Cook County. The subject is classified as a class 2-11 apartment building under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation.¹ In support of this argument the appellant submitted evidence disclosing the subject property was purchased on February 4, 2013 for a price of \$150,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

¹ The appellant's appeal was also marked as if assessment equity was being challenged, however, the appellant did not submit comparable assessment information for analysis.

The board of review submitted its "Board of Review Notes on Appeal". The total assessment for the subject is \$21,105. The subject's assessment reflects a market value of \$211,050 or \$37.07 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales that occurred from January to October 2013 for prices ranging from \$58,500 to \$240,000.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in February 2013 for a price of \$150,000. The appellant provided a brief which revealed the sale had the elements of an arm's length transaction. The appellant's brief disclosed the parties to the transaction were not related and the property was sold using a broker. In further support of the transaction the appellant submitted a copy of the settlement statement. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. The Board further finds that the comparable sales submitted by the board of review differed in size and foundation type when compared to the subject. In addition, three of the comparables had a dissimilar story-height and two were significantly older than the subject. Furthermore, two of the sales did not occur as proximate in time to the assessment date at issue as did the subject's sale. Based on this record the Board finds a reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
