

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael & Carrie King
DOCKET NO.: 15-20400.001-R-1
PARCEL NO.: 09-35-414-001-0000

The parties of record before the Property Tax Appeal Board are Michael & Carrie King, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,694
IMPR.: \$80,979
TOTAL: \$90,673

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 5,296 square feet of living area. The dwelling is approximately 16 years old. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and a 2-car garage. The property has a 12,926 square foot site and is located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on five equity comparables. The comparables were improved with two-story style masonry or frame and masonry dwellings that ranged in size from 5,061 to 5,451 square feet of living area. The dwellings are from 7 to 52 years old. Features had varying degrees of similarity when

compared to the subject. The comparables had improvement assessments that ranged from \$63,684 to \$67,994 or from \$11.98 to \$13.00 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$66,523 or \$12.56 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$90,673. The subject property has an improvement assessment of \$80,979 or \$15.29 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the same subdivision as the subject property.¹ The comparables were improved with two-story style frame, masonry or frame and masonry dwellings that range in size from 5,005 to 6,445 square feet of living area. The dwellings are either 7 or 9 years old. Features had varying degrees of similarity when compared to the subject. The comparables had improvement assessments that ranged from \$85,120 to \$85,610 or from \$13.20 to \$17.10 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration noting that the board of review comparables #3 and #4 constitute one property. The Board gave less weight to the appellant's comparables because of their different neighborhood code and/or older age when compared to the subject's property. Less weight was also given to the board of review's comparable #3 and #4 because of its significantly larger dwelling size when compared to the subject.

The Board finds the board of review's comparables #1 and #2 are most similar to the subject in location, design, exterior construction, age, dwelling size and features when compared to the subject property. These comparables had improvement assessments of \$85,216 and \$85,610 or \$16.85 and \$17.10 per square foot of living area. The subject's improvement assessment of \$80,979 or \$15.29 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ The board of review comparables #3 and #4 are the same property situated on two separate parcels located at the same address. These comparables have a combined improvement assessment of \$85,120 or \$13.20 per square foot of living area.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
