

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sebahete Metovic  
DOCKET NO.: 15-20486.001-R-1  
PARCEL NO.: 11-19-329-027-0000

The parties of record before the Property Tax Appeal Board are Sebahete Metovic, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,182  
**IMPR.:** \$44,431  
**TOTAL:** \$51,613

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-story multi-family dwelling of masonry exterior construction with 5,445 square feet of living area. The dwelling is approximately 49 years old and has a slab foundation. The property has a 6,840 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-11 apartment building property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables, two of which are located within the same neighborhood code as the subject property. The comparables were improved with two-story or three-story multi-family dwellings of masonry exterior construction containing from 5,229 to 5,491 square feet of living area. The comparables range in age from 55 to 88 years old. The comparables have full basements, three of which have finished apartments.

One comparable has a two-car garage. The comparables had improvement assessments ranging from \$31,287 to \$44,310 or from \$5.81 to \$8.07 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$36,889 or \$6.77 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$51,613. The subject property has an improvement assessment of \$44,431 or \$8.16 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables were improved with two-story or three-story multi-family dwellings of masonry exterior construction containing from 4,738 to 5,900 square feet of living area. The comparables range in age from 53 to 78 years old. One comparable has a slab foundation and three comparables have partial or full basements, one of which has a finished apartment. Two comparables have a two-car or three-car garage. The comparables had improvement assessments ranging from \$38,946 to \$48,144 or from \$8.16 to \$10.04 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board recognized eight of the comparables have superior partial or full basements when compared to the subject's slab foundation. As a result, the Board gave less weight to the appellant's comparables #1, #3 and #5 along with the board of review comparable #2 due to their superior finished basements with apartment areas. The Board also gave less weight to the appellant's comparable #4 along with the board of review comparables #3 and #4 due to their considerably older ages and/or considerably smaller dwelling sizes when compared to the subject property.

The Board finds the best evidence of assessment equity to be appellant's comparable #2, as well as the board of review comparable #1. These two comparables, despite the appellant's superior unfinished basement, are most similar to the subject in location, design, exterior construction, age, dwelling size and features. These comparables had improvement assessments of \$36,755 and \$48,144 or \$6.72 and \$8.16 per square foot of living area. The subject's improvement assessment of \$44,431 or \$8.16 per square foot of living area is between the best comparables contained in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
