

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Karam Oden
DOCKET NO.: 15-20563.001-R-1
PARCEL NO.: 23-29-302-010-0000

The parties of record before the Property Tax Appeal Board are Karam Oden, the appellant, by attorney Timothy E. Moran of Schmidt Salzman & Moran, Ltd, in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,097
IMPR.: \$135,528
TOTAL: \$152,625

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 11,734 square feet of living area. The dwelling is approximately 4 years old. Features of the home include a full basement with finished area, central air conditioning, four fireplaces and a four-car garage. The property has a 136,778 square foot site and is located in Palos Park, Palos Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on five equity comparables with one comparable located within the same neighborhood code as the subject property. The comparables were improved with two-story dwellings of masonry or frame and masonry exterior construction that ranged in size from 8,039 to 12,396 square feet of living area. The dwellings are from 19 to 29 years old. Three comparables have partial or full basements with one having a finished area. Features had varying degrees of similarity when compared to the subject.

The comparables had improvement assessments that ranged from \$85,784 to \$132,414 or from \$9.38 to \$10.68 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$125,213 or \$10.67 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$152,625. The subject property has an improvement assessment of \$135,528 or \$11.55 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. The comparables were improved with two-story dwellings of masonry or frame and masonry exterior construction that range in size from 7,769 to 9,674 square feet of living area. The dwellings are from 6 to 22 years old. Each comparable has a full basement with a finished area. Features had varying degrees of similarity when compared to the subject. The comparables had improvement assessments that ranged from \$105,393 to \$196,756 or from \$12.21 to \$20.77 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board finds neither party submitted comparables that were particularly similar to the subject. Seven comparables are considerably older in age when compared to the subject property and eight comparables are dissimilar to the subject with their smaller dwelling sizes. In addition, the board of review comparables are reported to have a deluxe condition when compared to the subject's average condition.

The Board gave less weight to the appellant's comparables #3 and #4 because of their lack of basements when compared to the subject's full finished basement. The Board finds the best evidence of assessment equity contained in this record to be the appellant's comparables #1, #2 and #5 along with the board of review comparables. Despite their differences, these comparables were most similar to the subject in design, exterior construction, foundation and some features. These comparables had improvement assessments that ranged from \$101,430 to \$196,756 or from \$9.38 to \$20.77 per square foot of living area. The subject's improvement assessment of \$135,528 or \$11.55 per square foot of living area is within the range established by the most similar comparables contained in this record. After considering adjustments and differences in both parties' comparables, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
