

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jack Bornhoeft
DOCKET NO.: 15-20569.001-R-1
PARCEL NO.: 08-11-419-022-0000

The parties of record before the Property Tax Appeal Board are Jack Bornhoeft, the appellant, by attorney Timothy E. Moran of Schmidt Salzman & Moran, Ltd, in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,472
IMPR.: \$52,679
TOTAL: \$61,151

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 5,112 square feet of living area. The dwelling is approximately 36 years old. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and a 2.5-car garage. The property has an 18,828 square foot site and is located in Mount Prospect, Elk Grove Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on five equity comparables with one comparable located within the same neighborhood code as the subject property. The comparables were improved with two-story masonry or frame and masonry dwellings that ranged in size from 5,133 to 7,138 square feet of living area. The dwellings are from 7 to 27 years old. Each comparable has either a partial or a full basement with a finished area, central air conditioning, one, two or four fireplaces and either a two-car, a three-car or a four-car attached

garage. The comparables had improvement assessments that ranged from \$46,943 to \$73,559 or from \$9.15 to \$11.66 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$52,679 or \$10.30 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$79,058. The subject property has an improvement assessment of \$70,586 or \$13.81 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables, two of which are located within the same neighborhood code as the subject property. The comparables were improved with two-story masonry or frame and masonry dwellings that range in size from 5,115 to 5,613 square feet of living area. The dwellings are from 8 to 17 years old. Each comparable has a full basement with one comparable having a finished area, central air conditioning, one or two fireplaces and either a two-car, a three-car or a four-car garage. The comparables had improvement assessments that ranged from \$70,843 to \$78,792 or from \$13.85 to \$14.50 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board recognized that both parties' comparables are all considerably newer in age ranging from 7 to 27 years old when compared to the subject's age of 36 years old. The Board gave less weight to the appellant's comparables #2 and #3 based on their considerably larger dwelling sizes when compared to the subject's smaller dwelling size.

The Board finds the best evidence of assessment equity to be appellant's comparables #1, #4 and #5 along with the board of review comparables. Although these comparables are newer in age when compared to the subject, they are most similar to the subject in location, design, exterior construction, dwelling size, foundation and features. These comparables had improvement assessments of \$46,943 to \$78,792 or \$9.15 to \$14.50 per square foot of living area. The subject's improvement assessment of \$70,586 or \$13.81 per square foot of living area is within the range established by the most similar comparables contained in this record. However, the subject is older in age and slightly smaller in dwelling size when compared to the best comparables contained in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment warrants a reduction. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
