

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: IH2 Property Illinois, LP
DOCKET NO.: 15-21125.001-R-1
PARCEL NO.: 23-03-411-003-0000

The parties of record before the Property Tax Appeal Board are IH2 Property Illinois, LP, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,163
IMPR.: \$12,337
TOTAL: \$15,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is a 51 year-old, two-story dwelling of frame construction containing 1,872 square feet of living area. The property has a 7,031 square foot site located in Palos Township, Cook County. The record does not disclose whether the subject was owner-occupied in the lien year. The subject is classified as a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted a settlement statement disclosing the subject property was purchased on September 3, 2013 for \$155,000. A line-item on the settlement statement disclosed a realtor's sale commission paid from the settlement funds. The subject's sale price reflects a market value of \$83.33 per square foot of living area including land. The appellant provided information in Section IV–Recent Sale Data of the Residential Appeal that the subject was not transferred

between related parties, was advertised for 162 days and sold by a realtor, and was sold in settlement of a contract for deed. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price when applying the 2015 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,674. The subject's assessment reflects a market value of \$196,740, or \$105.10 per square foot of living area, when applying the 2015 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four suggested comparable sales.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in September 2013 for \$155,000. The appellant provided evidence demonstrating the sale had the elements of an arm's-length transaction. The appellant provided information in Section IV-Recent Sale Data of the appeal that the parties to the transaction were not related, that the property was sold using a Realtor, that the property had been advertised on the open market with a sign in the Multiple Listing Service, and that it had been on the market for 162 days. In further support of the transaction, the appellant submitted a copy of the settlement statement. The Board finds the board of review did not present any evidence to challenge the arm's-length nature of the transaction. The Board finds the purchase price was below the market value reflected by the assessment. Based on this record, the Board finds the subject property had a market value of \$155,000 as of January 1, 2015, and that a reduction in the subject's assessment is justified. Since market value has been determined, the 2015 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
