

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter Babjak
DOCKET NO.: 15-21413.001-R-1
PARCEL NO.: 16-20-204-045-0000

The parties of record before the Property Tax Appeal Board are Peter Babjak, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,262
IMPR.: \$14,992
TOTAL: \$18,254

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story apartment building of masonry exterior construction with 3,628 square feet of living area. The building is approximately 10 years old. Features of the home include a full basement finished as an apartment, central air conditioning and a two-car garage. The property has a 4,661 square foot site and is located in Cicero, Cicero Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant disclosed the subject sold December 6, 2012 for a price of \$85,000 and had been advertised for sale for four months as set forth in Section IV-Recent Sale Data of the appeal petition. To document the sale, the appellant submitted a copy of the Settlement Statement

revealing the amount of Broker's Fees paid at settlement. Based on this evidence, the appellant requested the total assessment be reduced to \$8,550.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,254. The subject's assessment reflects a market value of \$182,540 or \$50.31 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of the subject's assessment, the board of review submitted information on four comparable sales. Three of the comparables are located within the same neighborhood assessment code as the subject property. The comparables consist of two-story apartment buildings that range in age from 7 to 91 years old. The buildings had features with varying degrees of similarity when compared to the subject. The buildings range in size from 2,972 to 3,252 square feet of living area and are situated on sites ranging from 3,780 to 4,199 square feet of land area. The comparables sold from October 2012 to September 2013 for prices ranging from \$185,000 to \$215,000 or from \$58.71 to \$67.25 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In a memo, counsel for the appellant contends that the purchase price is the best evidence of the subject's fair cash value.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be the purchase price of the subject property in December 2012 for \$85,000 and the board of review's comparable #4. The board of review's comparable #4 was similar to the subject in location, age, dwelling design, size, exterior construction and features. This comparable sold for \$195,000 or \$59.96 per square foot of living area, including land. The subject's total assessment reflects a market value of \$182,540 or \$50.31 per square foot of living area, including land which falls within the purchase price and the best sales comparable in this record. After considering the appellant's sale and the sales data provided by the board of review, the Board finds the subject's assessment is reflective of the property's market value and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
