

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Richard Christiansen III  
DOCKET NO.: 15-21521.001-R-1  
PARCEL NO.: 16-18-407-028-0000

The parties of record before the Property Tax Appeal Board are Paul Richard Christiansen III, the appellant, by attorney Katherine Amari O'Dell, of Amari & Locallo in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,880  
**IMPR.:** \$26,012  
**TOTAL:** \$30,892

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one and one-half story dwelling of frame construction with 1,858 square feet of living area. The dwelling is 106 years old. Features of the home include a full finished basement and a two-car garage. The property has a 6,100 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables that were located within the same neighborhood code as the subject property. The comparables had varying degrees of similarity to the subject. The comparables had improvement assessments ranging from \$21,196 to \$27,792 or from \$11.19 to \$11.69 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,013. The subject property has an improvement assessment of \$29,133 or \$15.68 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables that were located within the same neighborhood code as the subject property. The comparables had varying degrees of similarity to the subject. The comparables had improvement assessments ranging from \$29,535 to \$38,897 or from \$15.66 to \$20.06 per square foot of living area.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2 and #3. These comparables were most similar to the subject in location, age, size and most features. However, the best comparables were superior to the subject due to their central air conditioning feature, unlike the subject. These comparables had improvement assessments of \$29,535 and \$30,854 or \$15.66 and \$16.07 per square foot of living area. The Board finds the subject's improvement assessment of \$29,133 or \$15.68 per square foot of living area is slightly excessive due to the subject's lack of central air conditioning. After making adjustments to the best comparables, for differences when compared to the subject, the Board finds a reduction in the subject's improvement assessment is warranted. The Board gave less weight to the parties' remaining comparables due to their unfinished basement area or significantly larger dwelling size, when compared to the subject. Based on this record the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
