

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: LGS Properties
DOCKET NO.: 15-21776.001-R-1
PARCEL NO.: 14-30-121-016-0000

The parties of record before the Property Tax Appeal Board are LGS Properties, the appellant, by attorney Timothy E. Moran of Schmidt Salzman & Moran, Ltd, in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,125
IMPR.: \$34,768
TOTAL: \$47,893

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of masonry exterior construction with 2,120 square feet of living area. The dwelling is approximately 99 years old. Features of the dwelling include two bathrooms, a partial basement with finished area, central air conditioning, a fireplace, and a two-car garage. The property has a 3,125 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 apartment building property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same neighborhood code as the subject property. The comparables were improved with one,

"1.5-1.9-story"¹ multi-family and four, 2-story multi-family dwellings of frame or masonry exterior construction containing from 1,746 to 2,187 square feet of living area. The comparables range in age from 107 to 127 years old. The comparables feature two or three bathrooms, full basements, and a 1-car, a 1.5-car or a 2-car garage. The comparables had improvement assessments ranging from \$24,076 to \$29,829 or from \$12.61 to \$13.92 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$28,914 or \$13.64 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$47,893. The subject property has an improvement assessment of \$34,768 or \$16.40 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables were improved with two-story multi-family dwellings of masonry exterior construction containing from 1,944 to 2,492 square feet of living area. The comparables range in age from 97 to 108 years old. The comparables feature two bathrooms, one comparable has central air conditioning and each comparable has two-car garages. The comparables had improvement assessments ranging from \$33,374 to \$42,778 or either \$17.17 or \$17.42 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1 and #4 along with the board of reviews comparable #4 due to their larger number of bathrooms and/or different dwelling sizes when compared to the subject property. The appellant's comparable #5 received less weight due to its older age and lack of a garage when compared to the subject property.

The Board finds the best evidence of assessment equity to be appellant's comparables #2 and #3, as well as the board of review comparables #1, #2 and #3. These comparables had improvement assessments that ranged from \$28,445 to \$35,948 or from \$13.55 to \$17.42 per square foot of living area. The subject's improvement assessment of \$34,768 or \$16.40 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ The appellant also describes the subject as a "1.5-1.9 story" dwelling.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
