

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Blaine Roeder  
DOCKET NO.: 15-21778.001-R-1  
PARCEL NO.: 14-18-217-016-0000

The parties of record before the Property Tax Appeal Board are Blaine Roeder, the appellant, by attorney Timothy E. Moran of Schmidt Salzman & Moran, Ltd, in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$24,410  
**IMPR.:** \$41,186  
**TOTAL:** \$65,596

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 2,046 square feet of living area. The dwelling is approximately 127 years old. Features of the home include a partial unfinished basement and a two-car garage. The property has a 5,812 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on five equity comparables located within the same neighborhood code as the subject property. The comparables were improved with two-story dwellings of frame or stucco exterior construction that ranged in size from 2,044 to 2,076 square feet of living area. The dwellings are from 117 to 127 years old. Each comparable has a full basement, two of which have finished

areas and three comparables have a one-car or a two-car garage. The comparables had improvement assessments that ranged from \$30,505 to \$36,327 or from \$14.81 to \$17.53 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$30,683 or \$15.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$65,596. The subject property has an improvement assessment of \$41,186 or \$20.13 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables were improved with two-story dwellings of frame exterior construction that range in size from 1,864 to 2,006 square feet of living area. The dwellings are either 118 or 122 years old. Each comparable has a full unfinished basement, three comparables have central air conditioning, one comparable has a fireplace and two comparables have a two-car garage. The comparables had improvement assessments that ranged from \$38,204 to \$52,126 or from \$20.43 to \$27.87 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gave less weight to the board of review's comparables #2, #3 and #4 based on their smaller dwelling sizes and central air-conditioning when compared to the subject's larger dwelling size and lack of central air conditioning.

The Board finds the best evidence of assessment equity to be the appellant's comparables along with the board of review comparable #1. These comparables are most similar to the subject in location, design, exterior construction, age, dwelling size and features and had improvement assessments that ranged from \$30,505 to \$46,158 or from \$14.81 to \$23.01 per square foot of living area. The subject's improvement assessment of \$41,186 or \$20.13 per square foot of living area is within the range established by the best comparables contained in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
