

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mary Pigato
DOCKET NO.: 15-21785.001-R-1
PARCEL NO.: 14-05-105-011-0000

The parties of record before the Property Tax Appeal Board are Mary Pigato, the appellant, by attorney Timothy E. Moran of Schmidt Salzman & Moran, Ltd, in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,000
IMPR.: \$64,708
TOTAL: \$88,708

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story multi-family dwelling of masonry exterior construction with 9,540 square feet of living area. The dwelling is approximately 104 years old. Features of the dwelling includes six bathrooms, a full unfinished basement and a two-car garage. The property has a 6,000 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 apartment building property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables, two of which are located within the same neighborhood code as the subject property. The comparables were improved with three-story multi-family dwellings of frame or masonry exterior construction containing from 9,279 to 9,669 square feet of living area. The comparables range in age from 91

to 112 years old. The comparables feature three or six bathrooms. Two comparables have a two-car or a three-car detached garage. The comparables had improvement assessments ranging from \$31,531 to \$61,648 or from \$3.34 to \$6.38 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$49,913 or \$5.23 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$88,708. The subject property has an improvement assessment of \$64,708 or \$6.78 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables were improved with three-story multi-family dwellings of masonry exterior construction containing from 8,886 to 9,288 square feet of living area. The comparables range in age from 97 to 107 years old. The comparables feature six bathrooms. Three comparables have either a three-car to a four-car garage. The comparables had improvement assessments ranging from \$62,735 to \$70,516 or from \$7.06 to \$7.91 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1, #2 and #4 due to their lack of a garages unlike the subject. In addition, comparable #1 has a smaller number of bathrooms when compared to the subject. The Board gave less weight to the board of review comparables #1 and #3 due to their smaller dwelling sizes when compared to the subject. In addition, comparable #1 lacks a garage unlike the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #3 and #5, as well as the board of review comparables #2 and #4. These comparables had improvement assessments that ranged from \$50,006 to \$69,831 or from \$5.23 to \$7.52 per square foot of living area. The subject's improvement assessment of \$64,708 or \$6.78 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
