

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andco Management, Ltd.  
DOCKET NO.: 15-21789.001-R-1  
PARCEL NO.: 14-20-113-011-0000

The parties of record before the Property Tax Appeal Board are Andco Management, Ltd., the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$17,220  
**IMPR.:** \$73,679  
**TOTAL:** \$90,899

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-story multi-family dwelling of masonry exterior construction with 3,432 square feet of living area. The dwelling is approximately 127 years old. Features of the dwelling include a full unfinished basement and air conditioning. The property has a 3,075 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 apartment building property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same neighborhood code as the subject property. The comparables were improved with two-story multi-family dwellings of frame or masonry exterior construction containing from 3,320 to 3,450 square feet of living area. The comparables range in age from 117 to 129 years old. The

comparables feature full basements, one of which has finished area. Four comparables have two-car garages. The comparables had improvement assessments ranging from \$48,514 to \$53,303 or from \$14.27 to \$15.76 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$52,537 or \$15.31 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$90,899. The subject property has an improvement assessment of \$73,679 or \$21.47 per square foot of living area.<sup>1</sup> In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables were improved with one, three-story and three, two-story multi-family dwellings of frame or masonry exterior construction containing from 2,943 to 3,471 square feet of living area. The comparables range in age from 115 to 127 years old. The comparables feature full basements, three of which have finished areas. One comparable has air conditioning, one comparable has a fireplace and each comparable has a garage from two-car to three-car. The comparables had improvement assessments ranging from \$68,319 to \$79,377 or from \$22.00 to \$23.21 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. When compared to the subject property, seven comparables had dissimilar two-story designs, eight comparables lacked air conditioning and eight comparables had garages unlike the subject which lacked a garage. The Board gave less weight to the board of review comparable #3 due to its considerably smaller dwelling size.

Despite their differences, the Board finds the best evidence of assessment equity to be the appellant comparables along with the board of review comparables #1, #2 and #4. These comparables were most similar to the subject in location, exterior construction, age, dwelling size and foundation. They had improvement assessments ranging from \$48,514 to \$79,377 or from \$14.27 to \$22.87 per square foot of living area. The subject's improvement assessment of \$73,679 or \$21.47 per square foot of living area falls within the range established by the most similar comparables contained in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

---

<sup>1</sup> The board of review used the incorrect assessments for the subject property in their grid analysis.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
