

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Rempas
DOCKET NO.: 15-21862.001-R-1
PARCEL NO.: 14-29-127-012-0000

The parties of record before the Property Tax Appeal Board are Steven Rempas, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$34,500
IMPR.: \$86,199
TOTAL: \$120,699

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 7,115 square feet of living area. The dwelling is approximately 95 years old. Features of the home include six bathrooms, a partial unfinished basement and central air conditioning. The property has a 5,750 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on five equity comparables, two of which are located within the same assessment neighborhood code as the subject property. The comparables were improved with two, two-story dwellings and three, three-story dwellings of masonry or frame and masonry exterior construction that ranged

in size from 6,062 to 8,025 square feet of living area. The dwellings are from 87 to 120 years old. The comparables have from two to four bathrooms, three comparables have partial unfinished basements and two comparables have slab foundations. Features had varying degrees of similarity when compared to the subject. The comparables had improvement assessments that ranged from \$53,391 to \$90,468 or from \$8.09 to \$11.27 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$71,455 or \$10.04 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$120,699. The subject property has an improvement assessment of \$86,199 or \$12.12 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same block as the subject property. The comparables were improved with two-story dwellings of frame exterior construction that range in size from 2,394 to 4,058 square feet of living area. The dwellings are from 105 to 124 years old. The comparables have either two to three bathrooms and the comparables have partial or full unfinished basements. Features had varying degrees of similarity when compared to the subject. The comparables had improvement assessments that ranged from \$32,507 to \$54,986 or from \$13.43 to \$16.27 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board finds neither party submitted comparables that were particularly similar to the subject property. Except for appellant's comparable #5, the subject is superior to both parties comparables with its slightly newer age, larger number of bathrooms and larger dwelling size. The appellant's comparables were all dissimilar to the subject with their different assessment neighborhood codes, smaller number of bathrooms, three-story designs, dwelling sizes and/or slab foundations. Although the board of review comparables were located within the same block as the subject property, they were dissimilar to the subject with their smaller number of bathrooms and significantly smaller dwelling sizes.

The Board finds both parties submitted comparables with improvement assessments ranging from \$32,507 to \$90,468 or from \$8.09 to \$16.27 per square foot of living area. The subject's improvement assessment of \$86,199 or \$12.12 per square foot of living area is within the range established by both parties' comparables. Based on this record, the Board finds the appellant did

not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
