

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Miller
DOCKET NO.: 15-21864.001-R-1
PARCEL NO.: 14-29-302-104-0000

The parties of record before the Property Tax Appeal Board are Thomas Miller, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,461
IMPR.: \$46,113
TOTAL: \$76,574

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story dwelling of masonry exterior construction with 2,620 square feet of living area. The dwelling is approximately 27 years old. Features of the home include a slab foundation, central air conditioning, a fireplace and a one-car garage. The property has a 2,929 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables were improved with three-story masonry dwellings with 2,700 square feet of living area. Each dwelling is 12 years old, has a slab foundation, central air-

conditioning, a fireplace and a 2.5-car garage. The comparables had improvement assessments that ranged from \$35,243 to \$38,032 or from \$13.05 to \$14.09 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$36,653 or \$13.99 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$76,574. The subject property has an improvement assessment of \$46,113 or \$17.60 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same block as the subject property. The comparables were improved with three-story masonry dwellings with either 2,643 or 2,720 square feet of living area. The dwellings are either 24 or 25 years old. Two comparables have full unfinished basements and two comparables have slab foundations. Each comparable has central air conditioning, two comparables have a fireplace and each comparable has a two-car garage. The comparables had improvement assessments that ranged from \$62,627 to \$77,543 or from \$23.70 to \$29.34 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their newer ages of 12 years old when compared to the subject's older age of 27 years old. The Board also gave less weight to the board of review comparables #1 and #2 due to their full unfinished basements when compared to the subject's slab foundation. The Board recognizes that both parties comparables are superior to the subject with their slightly larger dwelling sizes and larger garage sizes.

The Board finds the best evidence of assessment equity to be the board of review comparables #3 and #4. The comparables are located on the same block as the subject property and are most similar to the subject in location, design, age, exterior construction, dwelling size, foundation and features. The two comparables had improvement assessments of \$62,627 and \$73,685 or \$23.70 and \$27.09 per square foot of living area. The subject's improvement assessment of \$46,113 or \$17.60 per square foot of living area is below the most similar comparables contained in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment does not warrant a reduction. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
