

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Harris  
DOCKET NO.: 15-22013.001-R-1  
PARCEL NO.: 14-20-210-008-0000

The parties of record before the Property Tax Appeal Board are James Harris, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,680  
**IMPR.:** \$58,832  
**TOTAL:** \$66,512

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 1,752 square feet of living area. The dwelling is approximately 108 years old. Features of the home include a full unfinished basement, a fireplace and a one-car garage. The property has a 960 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on five equity comparables, four of which are located within the same neighborhood code as the subject property.<sup>1</sup> The comparables were improved with two-story dwellings of masonry

exterior construction that ranged in size from 1,491 to 1,680 square feet of living area. The dwellings are from 122 to 127 years old and have full unfinished basements. One comparable has central air conditioning, two comparables have one or two fireplaces and one comparable has a two-car garage. The comparables had improvement assessments that ranged from \$32,195 to \$37,641 or from \$21.49 to \$24.07 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$37,669 or \$21.50 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,512. The subject property has an improvement assessment of \$58,832 or \$33.58 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same block as the subject property. The comparables were improved with two-story masonry dwellings that range in size from 1,487 to 1,632 square feet of living area. The dwellings are either 108 or 112 years old. The comparables have full basements, one of which has a finished area. One comparable has central air conditioning, each comparable has a fireplace and two comparables have a one-car garage. The comparables had improvement assessments that ranged from \$54,122 to \$57,406 or from \$33.62 to \$38.61 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #2. These comparables are most similar to the subject in location, design, exterior construction, age, dwelling size and features. These comparables had improvement assessments of \$54,122 and \$54,868 or \$33.70 and \$33.62 per square foot of living area. The subject's improvement assessment of \$58,832 or \$33.58 per square foot of living area is below the two best comparables contained in this record on a per-square-foot basis and slightly above with its total improvement assessment, which appears to be justified given the subject's larger dwelling size. The Board gave less weight to both parties remaining comparables due to their older ages, smaller dwelling sizes and/or lack of garages. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
