

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gertude Cools
DOCKET NO.: 15-22163.001-R-1
PARCEL NO.: 14-19-303-002-0000

The parties of record before the Property Tax Appeal Board are Gertude Cools, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,112
IMPR.: \$47,991
TOTAL: \$65,103

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of masonry exterior construction with 3,342 square feet of living area. The dwelling is approximately 99 years old. Features of the dwelling include a full basement with finished area and a two-car garage. The property has a 3,720 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 apartment building under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal.¹ In support of this argument, the appellant submitted information on five equity comparables located within the same neighborhood code as the subject property. The comparables were improved with one, three-story dwelling and four, two-story multi-family dwellings of frame exterior construction

¹ The appellant's counsel used the incorrect improvement assessment for the subject property in the grid analysis.

containing from 3,159 to 3,305 square feet of living area. The comparables range in age from 107 to 127 years old. Four comparables have a full basement, one of which has finished area. Three comparables have a 1.5-car or a two-car garage. The comparables had improvement assessments ranging from \$40,049 to \$41,705 or from \$12.12 to \$13.20 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$42,239 or \$12.64 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$65,103. The subject property has an improvement assessment of \$47,991 or \$14.36 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables were improved with two-story multi-family dwellings of masonry exterior construction containing from 3,082 to 3,204 square feet of living area. The comparables range in age from 93 to 103 years old. The comparables feature full basements, two of which have finished areas and each comparable has a two-car garage. The comparables had improvement assessments ranging from \$49,518 to \$56,859 or from \$15.87 to \$17.75 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparable #3, as well as the board of review comparables. These comparables were most similar to the subject in location, design, exterior construction, age, dwelling size, foundation and features. They had improvement assessments that ranged from \$41,659 to \$56,859 or from \$12.64 to \$17.75 per square foot of living area. The subject's improvement assessment of \$47,991 or \$14.36 per square foot of living area falls within the range established by the best comparables contained in this record. The Board gave less weight to the appellant's remaining comparables due to their dissimilar three-story design, considerably older age and/or lack of a basement or a garage when compared to the subject property. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
