

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kathy Healey
DOCKET NO.: 15-22177.001-R-1
PARCEL NO.: 14-29-302-334-0000

The parties of record before the Property Tax Appeal Board are Kathy Healey, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,308
IMPR.: \$53,403
TOTAL: \$68,711

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story dwelling of masonry exterior construction with 2,082 square feet of living area. The dwelling is approximately 23 years old. Features of the home include a slab foundation, central air conditioning, a fireplace and a one-car garage. The property has a 1,472 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on five equity comparables located within the same neighborhood code as the subject property.¹ The comparables were improved with three-story dwellings of masonry exterior construction.

¹ The appellant's counsel used the incorrect improvement assessment for the subject property in the grid analysis.

The dwellings are from 20 or 26 years old. Each comparable has central air conditioning, one comparable has a fireplace and each comparable has a one-car or a two-car garage. The dwellings contain from 1,999 to 2,074 square feet of living area and have improvement assessments ranging from \$41,152 to \$45,480 or from \$20.59 to \$22.11 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$43,403 or \$20.85 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,711. The subject property has an improvement assessment of \$53,403 or \$25.65 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located on the same block as the subject property. The comparables were improved with three-story dwellings of masonry exterior construction that contain either 2,057 or 2,082 square feet of living area. The dwellings are from 22 to 26 years old. Each comparable has a slab foundation, central air conditioning, a fireplace and a one-car garage. The comparables have improvement assessments ranging from \$45,434 to \$57,106 or from \$21.82 to \$27.43 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review's comparables #3 and #4. The Board gave greater weight to these two comparables because they are located at the same address and are identical to the subject in design, exterior construction, dwelling size, foundation and features. These comparables had improvement assessments of \$45,434 and \$57,106 or \$21.82 and \$27.43 per square foot of living area. The subject's improvement assessment of \$53,403 or \$25.65 per square foot of living area is supported by the improvement assessments of the two best comparables contained in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
