

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Ferguson
DOCKET NO.: 15-22644.001-R-1
PARCEL NO.: 14-07-113-010-0000

The parties of record before the Property Tax Appeal Board are William Ferguson, the appellant, by attorney Katherine Amari O'Dell of Amari & Locallo in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,250
IMPR.: \$23,250
TOTAL: \$34,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family dwelling of masonry construction. The dwelling is approximately 88 years old and has 2,598 square feet of living area. Features of the dwelling include two bathrooms, a full unfinished basement and a two-car garage. The property has a 3,125 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on March 1, 2013, for a price of \$345,000. In Section IV – Recent Sale Data of the residential appeal form, the appellant stated the property was purchased from an individual; the parties to the transaction were not related; the property was sold by a realtor; the property had been advertised for sale with the

multiple listing service; and the property was on the market for 573 days before it sold. To document the transaction, the appellant submitted copies of the closing statement and the sale contract. The closing statement revealed that commissions had been paid to two realty firms. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,803. The subject's assessment reflects a market value of \$450,817 or \$173.52 per square foot of living area, land included, when using the 2015 three-year average median level of assessment for class 2 property of 10.16% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables. As part of its submission, the board of review made reference to the subject's sale in March 2013 at a price of \$345,000 or \$132.79 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in March 2013 for a price of \$345,000. The appellant provided evidence demonstrating the sale had many of the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the residential appeal form disclosing the parties to the transaction were not related, the property was sold using a realtor, and the property had been advertised for sale on the open market with the multiple listing service, and the subject was on the market for 573 days prior to its sale. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction and did not refute the appellant's contention that the purchase price was reflective of market value. The Board finds the board of review presented equity evidence that did not address the appellant's market value argument. Consequently, the Board finds that a reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
